Product	soundcore Liberty 5 Pro Max AI Earbuds
SKU	cm-D1204H11
Brand	Soundcore
Category	Audio & Video
Minimum order quantity	1
Unit	—
Unit price	$255.00
Available quantity	100

Description

soundcore Liberty 5 Pro Max The soundcore Liberty 5 Pro Max is built for professionals, students and frequent callers who want premium wireless listening plus tools for capturing in-person meetings and lectures. Its defining feature is the 1.78-inch AMOLED smart charging case, which adds on-case controls and an AI Note-Taker for recording, transcription and summaries of in-room audio. Key Features AI Note-Taker for in-person recording, transcription and summaries 1.78-inch AMOLED smart display charging case Anker Thus AI chip with 8 microphones and 2 voice pickup units Adaptive ANC 4.0 noise cancellation 9.2mm wool-paper diaphragm drivers with LDAC support HearID 5.0 and AI sound enhancement Connection with up to three devices Main Feature Sections Meeting tools in the case: The case microphone can capture nearby, in-room conversations and send recordings for transcription, summaries, key points and action items. Clearer voice calls: Multiple microphones, voice pickup units and the Thus AI chip work together to isolate speech from surrounding noise. Personalized listening: Adaptive noise cancellation and HearID tuning adjust the listening experience to the user and environment. Important AI limitation: The case records offline, in-room audio. It does not capture phone calls, video calls or online meetings. AI services require the soundcore platform, and plan terms or availability can vary by region.
