Product	eufy Wired Cam C31 1080p Pan-Tilt Camera
SKU	cm-T817L420
Brand	Eufy
Category	Camera & Photo
Minimum order quantity	1
Unit	—
Unit price	\$66.00
Available quantity	100

Description

eufy Wired Cam C31 The eufy Wired Cam C31 is designed for continuous monitoring around entrances, garages, patios and indoor spaces where a powered camera can stay active day and night. Its strongest advantage is broad 360-degree pan-tilt coverage with AI tracking, full-color low-light video and flexible local recording without requiring built-in storage.

Key Features 1080p video with 360-degree pan and up to 70-degree tilt AI detection and tracking for people, vehicles and pets Sound and crying detection PureColor full-color night vision plus infrared night vision Dual external antennas for a more stable wireless connection 24/7 continuous recording to supported local storage IP66-rated construction for indoor or outdoor installation Built-in microphone and speaker for two-way talk

Main Feature Sections

Wide-area monitoring: Motorized pan and tilt movement reduces blind spots while automatic tracking follows supported subjects through the scene.

Color after dark: The f/1.2 lens and PureColor Vision system capture full-color footage in low light without depending entirely on a spotlight.

Continuous local recording: Wired power supports round-the-clock recording to a compatible microSD card or supported HomeBase.

Flexible installation: The camera can be mounted upright or inverted and is sealed for exposed indoor or outdoor locations.

Technical Specifications

Model: T817L420 Resolution: 1920 × 1080 Image sensor: 1/2.9-inch CMOS Lens aperture: f/1.2 Movement: 360-degree pan and up to 70-degree tilt Zoom: Digital zoom Power: Wired through USB-C Dimensions: 93 × 68 × 108mm Storage: microSD from 32GB to 256GB, not included
