Description

Soundcore AeroFit Pro Open-Ear Earbuds The soundcore AeroFit Pro Open-Ear Earbuds are designed for users who want comfortable open-ear listening, secure fit, rich sound, and long battery life for workouts, running, commuting, and daily use. With air conduction audio, ergonomic ear hooks, titanium memory wire, a 16.4mm titanium-coated diaphragm, LDAC support, Bluetooth 5.3, water resistance, and up to 46 hours of total playtime with the charging case, they are built for active users who want music and awareness at the same time. Key Features Open-Ear Air Conduction DesignNon-intrusive open-ear design keeps the ear canal free for a breathable and comfortable listening experience. Better Awareness While ListeningLets users enjoy music, calls, and podcasts while staying more aware of surroundings during outdoor activities. Rich Open-Ear SoundAir conduction delivers fuller audio performance compared to typical bone conduction designs. 16.4mm Oversized Titanium-Coated DiaphragmLarge drivers are designed to deliver stronger bass and more detailed sound for music and daily listening. LDAC Audio SupportSupports higher-quality wireless audio with compatible devices. True Spatial AudioAdds a wider and more immersive listening effect for supported content. Ergonomic Secure Ear HooksDesigned to stay stable during movement, workouts, running, and daily activity. 0.9mm Titanium Memory WireEar hooks use titanium memory wire to better conform to different ear shapes. Soft Comfortable MaterialsGentle ear hook materials help support long-wear comfort without in-ear pressure. Bluetooth 5.3 ConnectivityProvides modern wireless connection for compatible smartphones, tablets, and Bluetooth devices. Long Battery LifeOffers up to 14 hours of playtime on a single charge and up to 46 hours total with the charging case. Fast Charging SupportA 10-minute quick charge provides up to 5.7 hours of audio playback under stated conditions. Water & Sweat ResistanceDesigned with nano-coating and chamber protection for workouts, sweat, and active use. Technical Specifications Product Type: Open-ear wireless earbuds Brand: soundcore by Anker Model: AeroFit Pro Design: Open-ear air conduction Driver: 16.4mm oversized titanium-coated diaphragm Audio Codec Support: LDAC Spatial Audio: Supported Bluetooth Version: Bluetooth 5.3 Ear Hook Design: Ergonomic ear hooks Ear Hook Material: 0.9mm titanium memory wire Water Resistance: IPX7 mentioned in supplied details; IPX5 also appears in product title Battery Life per Charge: Up to 14 hours Total Battery Life with Case: Up to 46 hours Fast Charging: 10 minutes charge for up to 5.7 hours playback Use Case: Running, gym, workouts, commuting, walking, outdoor activities, calls, music, and daily open-ear listening Battery Life Single Charge Playtime: Up to 14 hours Total Playtime with Charging Case: Up to 46 hours Quick Charge: 10 minutes for up to 5.7 hours playback Actual battery life may vary depending on volume level, LDAC use, spatial audio, calls, connection stability, and listening mode. Bluetooth Version Bluetooth Version: 5.3 LDAC Support: Yes, with compatible devices LDAC availability may depend on phone model, operating system, and app settings. Waterproof / Water Resistance The supplied title mentions IPX5 water-resistant, while the feature description mentions IPX7 water resistant with SweatGuard. Because the supplied information contains two different ratings, confirm the exact rating from the product box or official listing before publishing the final water resistance claim. In all cases, this product should be positioned as sweat-resistant and workout-friendly, not as earbuds for swimming. Best Use Cases Running Gym workouts Outdoor training Walking and commuting Cycling awareness Office and daily listening Long listening sessions Users who dislike in-ear pressure Calls and podcasts Music with environmental awareness Android users who want LDAC support Compatibility Bluetooth-enabled smartphones, tablets, and laptops LDAC-compatible devices for higher-quality wireless audio soundcore app support, if available for this model and region Best experience depends on device compatibility, app support, and Bluetooth settings. Included Items AeroFit Pro open-ear earbuds Charging case USB-C charging cable Detachable neckband Quick start guide and safety papers
