Description

Belkin USB-C Charger 65W Fast Charger The Belkin USB-C Charger 65W Fast Charger is designed for users who need a compact, reliable, and powerful USB-C wall charger for phones, tablets, laptops, earbuds, and everyday devices. With up to 65W output, USB-C Power Delivery 3.1, PPS certification, fast charging support for iPhone and Samsung devices, and enough power for compatible MacBook, Chromebook, and USB-C laptops, it is a practical charger for home, office, travel, and daily carry. Key Features Up to 65W Fast ChargingDelivers up to 65W of power for compatible phones, tablets, and laptop devices. Fast Charging for iPhone & SamsungCan charge an iPhone 16 from 0–50% in about 28 minutes or a Samsung Galaxy S25 from 0–50% in about 33 minutes under stated conditions. Laptop Charging SupportThe 65W maximum output supports compatible higher-power devices such as MacBook, Chromebook, and USB-C laptops. USB-C Power Delivery 3.1Integrated USB PD 3.1 chipset helps deliver safe and efficient power to compatible devices. PPS Certified ChargingProgrammable Power Supply adjusts power delivery based on the connected device’s needs, helping reduce unnecessary heat output. Universal USB-C CompatibilityWorks with many USB-C devices including iPhone, Samsung Galaxy, Google Pixel, iPad, AirPods, MacBook, Chromebook, Amazon Fire Tablet, and other USB-C devices. Compact Wall Charger DesignLightweight and easy to carry, making it suitable for home, office, travel, and daily use. Durable BuildDesigned for everyday charging with a compact body that fits easily into bags, desks, and travel setups.
