Description

JBL Tune 770NC Wireless Over-Ear Headphones The JBL Tune 770NC headphones are designed for users who want powerful JBL sound, long battery life, and noise control in a comfortable over-ear design. With Adaptive Noise Cancelling, Smart Ambient modes, JBL Pure Bass Sound, Bluetooth 5.3, up to 70 hours of battery life, speed charge support, app-based EQ customization, and hands-free calls with VoiceAware, they are a strong everyday choice for music, study, work, travel, and entertainment. Key Features Adaptive Noise CancellingHelps reduce unwanted background noise so you can focus on music, studying, work, or travel. Smart Ambient TechnologyAmbient Aware and TalkThru modes let you hear your surroundings or speak more easily without fully removing the headphones. JBL Pure Bass SoundDelivers the signature JBL bass-focused sound profile for music, videos, and daily listening. Bluetooth 5.3 Wireless ConnectivityProvides modern wireless streaming with support for LE Audio through an OTA update. Audio Mode & Video ModeUse the JBL Headphones app to choose Audio Mode for sound quality or Video Mode to help improve audio-video sync for movies and games. Up to 70 Hours Battery LifeLong battery life makes the headphones suitable for travel, long workdays, study sessions, and daily use. Speed Charge SupportQuickly adds listening time when you need power in a hurry. JBL Headphones App SupportCustomize sound using preset EQ modes or adjust the EQ curve based on your listening preference. Hands-Free CallsManage calls directly from the headphones using the built-in controls. VoiceAware FeatureLets you hear your own voice during calls for a more natural speaking experience. Lightweight, Comfortable & Foldable DesignBuilt for easier daily wear, storage, and travel. Over-Ear FitProvides a comfortable listening experience with better passive coverage compared to smaller on-ear designs.
