Description

Hoco HI50 Portable Radio The Hoco HI50 Portable Radio is designed for users who want a compact speaker and radio for daily listening, travel, outdoor use, and backup entertainment. With Bluetooth 5.3, FM/AM radio, TF card and USB playback, 3.5mm headphone jack, and a 1200mAh battery, it offers multiple ways to enjoy music and radio anywhere. Its main value is flexible audio in a portable body. Whether you want wireless Bluetooth music, traditional radio, MP3 playback, or private listening through headphones, the HI50 keeps everything simple and practical. Key Features Portable radio and speaker Bluetooth 5.3 connection JL AC7066A chip FM and AM radio support Supports TF card playback Supports USB drive playback 3.5mm headphone jack 45mm speaker 5W speaker power 1200mAh rechargeable battery Up to 5 hours radio playback Up to 3.5 hours MP3 playback ABS body with silicone buttons Compact 216.5g design Practical for home, travel, outdoor use, and daily listening Main Feature Sections FM and AM Radio The Hoco HI50 supports FM 87.5–108MHz and AM 520–1710kHz, making it useful for radio stations, news, music, and everyday listening. Bluetooth 5.3 Playback Bluetooth 5.3 allows wireless music playback from compatible smartphones, tablets, and other Bluetooth devices. Multiple Playback Options The radio supports TF cards and USB drives, giving users more ways to play stored music without needing a phone connection. Built-In 5W Speaker The 45mm speaker with 5W output delivers clear portable sound for casual music, radio, and spoken audio. 3.5mm Headphone Jack The headphone jack allows private listening when you do not want to use the built-in speaker. Compact Portable Design With a 216.5g weight and compact body, the HI50 is easy to carry for travel, outdoor use, desk listening, or backup radio use.
