Description

Hoco HX603 Portable Handheld and Desktop Fan The Hoco HX603 Portable Fan is designed for users who want strong personal cooling with flexible use at home, outdoors, during travel, or on the go. With handheld, desktop, and neck-wearable options, dual cooling technology, 199 airflow levels, and a built-in carabiner, it is practical for hot weather, commuting, outdoor activities, and daily personal cooling. Its main value is advanced cooling control in a portable design. The fan combines air cooling with a thermoelectric cooling panel, while the 3600mAh battery and LED digital display make it easy to monitor and use throughout the day. Key Features Portable handheld, desktop, and neck-wearable fan Dual cooling technology Thermoelectric Peltier cooling panel Air cooling support 199 airflow levels Up to 8500rpm rotation speed 8m/s airflow speed 90-degree rotating fan head Built-in carabiner for hanging LED digital display Shows airflow level and battery level Low-battery alert at 10% Charging status display 3600mAh rechargeable battery 3 hours 10 minutes to 10 hours use time Type-C charging Lanyard and Type-C cable included Main Feature Sections Dual Cooling Technology The Hoco HX603 combines regular fan airflow with a thermoelectric cooling panel, helping provide a cooler personal cooling experience than a standard mini fan. Three Usage Options Use it as a handheld fan, place it on a desk, or wear it with the included lanyard for neck-style cooling. 199 Airflow Levels With 199 adjustable airflow levels, users can fine-tune cooling strength more precisely depending on temperature, comfort, and battery needs. 90-Degree Rotating Head The pivoting fan assembly rotates up to 90 degrees, allowing users to direct airflow more comfortably. Built-In Carabiner The built-in carabiner makes it easy to hang the fan on a bag, hook, belt loop, or outdoor setup. LED Digital Display The display shows airflow level, battery power level, low-battery alert, and charging status for easier daily use.
