Description

Hoco HX604 Ice Pack Portable Handheld and Desktop Fan The Hoco HX604 Ice Pack Portable Fan is designed for users who want stronger personal cooling with both airflow and direct cooling support. With three usage options, a thermoelectric cooling panel, 3 airflow levels, Ice mode, and a 90-degree rotating fan head, it is practical for hot weather, travel, outdoor use, commuting, and desk cooling. Its main value is dual cooling in a compact body. Use it as a handheld fan, desktop fan, or neck-wearable fan with the included lanyard, while Ice mode adds extra cooling when needed. Key Features Portable handheld, desktop, and neck-wearable fan Dual cooling technology Thermoelectric Peltier cooling panel Air cooling support Ice mode on/off control 90-degree rotating fan head 3 airflow levels Up to 10000rpm rotation speed 7.5m/s airflow speed LED indicator display Shows airflow level and battery level Shows Ice mode and charging status 3000mAh rechargeable battery Type-C charging 1 hour 20 minutes to 6.5 hours use time Long lanyard included Lightweight 150g body Main Feature Sections Dual Cooling Technology The Hoco HX604 combines airflow cooling with a thermoelectric cooling panel, helping deliver a cooler feeling than standard compact fans. Ice Mode Cooling The dedicated Ice button turns the cooling panel on or off, giving users extra cooling control in hot conditions. Three Usage Options Use the fan handheld, place it on a desk, or wear it with the included long lanyard for neck-style hands-free cooling. 90-Degree Rotating Head The pivoting fan assembly rotates up to 90 degrees, allowing users to direct airflow more comfortably. Three Airflow Levels Choose between three airflow levels to balance cooling strength, noise, and battery life. LED Indicator Status The LED indicator shows airflow level, battery power, Ice mode status, and charging status for easier daily use.
