Description

Hoco EW92 True Wireless BT Stereo Headset White The Hoco EW92 True Wireless BT Stereo Headset is designed for users who want simple, lightweight wireless earbuds for music, calls, and everyday use. With a cable-free TWS design, touch controls, built-in microphone, and compact charging case, it offers practical audio convenience for work, commuting, study, and daily activities. Its main value is easy wireless listening at an accessible level. The ergonomic in-ear design keeps the earbuds comfortable, while Bluetooth connectivity and the charging case make them simple to use throughout the day. Key Features True wireless stereo earbuds Cable-free TWS design Bluetooth connectivity Touch control operation Built-in microphone Supports hands-free calls Supports voice assistant control Up to approx. 4 hours playback Compact charging case Lightweight in-ear design Ergonomic fit ABS material construction Wide compatibility with Bluetooth devices White colour Main Feature Sections True Wireless Freedom The Hoco EW92 uses a fully wireless TWS design, giving users freedom from cables while listening to music, watching videos, or taking calls. Bluetooth Connectivity Bluetooth pairing provides stable everyday connection with smartphones, tablets, and other compatible Bluetooth-enabled devices. Touch Controls Touch operation allows users to control music playback, calls, and voice assistant functions directly from the earbuds. Built-In Microphone The integrated microphone supports hands-free calling and voice commands, making the earbuds useful for daily communication. Compact Charging Case The charging case keeps the earbuds protected, organized, and powered while on the go. Lightweight In-Ear Comfort The ergonomic in-ear design is made for comfortable daily listening during work, travel, or casual use.
