Description

Hoco HC36 Brocade 10W Sports Bluetooth Speaker The Hoco HC36 Brocade 10W Sports Bluetooth Speaker is designed for users who want portable stereo sound with flexible playback options. With dual 52mm drivers, Bluetooth 5.4, TWS pairing, FM, TF card, USB, AUX, and hands-free calling, it is practical for outdoor activities, travel, home use, and casual gatherings. Its main value is strong sound in a portable design. The 10W stereo output, rugged ABS body, modern mesh finish, and multiple input modes make it a convenient everyday speaker for music, radio, and calls. Key Features 10W sports Bluetooth speaker Dual 52mm speaker drivers Stereo sound output Bluetooth 5.4 connection JL AC6965E chipset Supports TWS pairing Supports FM radio Supports TF card playback Supports USB flash drive playback Supports AUX input Built-in microphone for hands-free calls 1200mAh battery Up to 3 hours usage time Approx. 2 hours charging time Durable ABS plastic body Portable cylindrical design Physical button controls Modern mesh finish Main Feature Sections 10W Stereo Sound The Hoco HC36 uses two 52mm drivers with 5W + 5W output to deliver louder and fuller stereo sound for music, podcasts, and everyday entertainment. Bluetooth 5.4 Connection Bluetooth 5.4 provides a faster and more stable wireless connection for smoother music streaming from compatible smartphones, tablets, and laptops. Multiple Playback Modes The speaker supports Bluetooth, FM, TF card, USB flash drive, AUX, and TWS, giving users several ways to play music. TWS Stereo Pairing TWS mode allows two compatible HC36 speakers to connect together for a wider stereo soundstage. Hands-Free Calling The built-in microphone lets users answer calls directly through the speaker without disconnecting their phone. Portable Outdoor Design With a compact cylindrical body, durable ABS material, and 530g weight, the speaker is easy to carry for travel, outdoor use, and casual activities.
