Description

Hoco Y105 Kids Smartwatch The Hoco Y105 Kids Smart Watch is designed to help parents stay connected with their child through calling, location tracking, and safety monitoring features. With 2G Micro SIM support, GPS/LBS tracking, SOS emergency button, and activity monitoring, it is a practical smartwatch for children’s daily use. Its main value is peace of mind. Parents can communicate with their child, check location through the companion app, and set safe zones for added awareness during school days, outings, and daily activities Key Features Kids smart watch 2G Micro SIM support Voice calling support GPS and LBS location tracking Real-time location monitoring through app Geo-fence safe zone alerts SOS emergency button Remote photo capture Step and activity tracking 400mAh battery Designed for children Parent safety monitoring features Main Feature Sections 2G SIM Calling The Hoco Y105 supports a Micro SIM card for 2G network calling, allowing children to make and receive calls from approved contacts. GPS and LBS Tracking GPS and LBS location tracking help parents monitor the child’s location through the companion app, depending on network and signal conditions. Geo-Fence Alerts Parents can set safe zones and receive alerts when the child enters or leaves selected areas. SOS Emergency Button The dedicated SOS button can send an emergency alert to selected contact numbers for faster parent notification. Remote Photo Capture Remote photo capture allows parents to use the watch camera feature through the app for added checking when needed. Activity Monitoring Step and activity tracking help encourage daily movement and basic healthy habits. Technical Specifications Product Name: Hoco Y105 Kids Smart Watch Product Type: Children’s smart watch SIM Support: Micro SIM Network Support: 2G Calling: Supported Location Tracking: GPS / LBS Geo-Fence: Supported SOS Button: Supported Remote Photo Capture: Supported Activity Tracking: Steps / activity monitoring Battery Capacity: 400mAh Recommended Use: Kids communication, parent monitoring, daily safety awareness, school days, and outdoor activities Battery Life Battery Capacity: 400mAh Actual battery life may vary depending on signal strength, calling time, GPS use, app connection, and usage habits. Important Compatibility Note This watch requires a compatible Micro SIM card and active 2G network service. Location accuracy may vary depending on GPS signal, mobile network coverage, indoor/outdoor use, and app settings. Important Expectation Management This product helps parents stay connected and monitor general location, but it should not be considered a professional security device. Activity tracking is for general wellness use only.
