Description

Hoco HP38 Electric Nose Hair Trimmer The Hoco HP38 Electric Nose Hair Trimmer is designed for quick, safe, and easy facial grooming. With a 3D rounded blade, 9300rpm motor speed, detachable cleaning design, and lightweight body, it is practical for trimming nose hair and maintaining a clean look at home or while traveling. Its main value is simple grooming with better skin comfort. The rounded stainless steel blade helps remove hair cleanly without scratching the skin, while the compact AA battery design makes it easy to carry and use anywhere. Key Features Electric nose hair trimmer 3D rounded blade design Clean trimming without harming the skin Detachable blade head for cleaning 9300rpm motor speed Up to 130 minutes usage time AA battery operation Lightweight 47.6g body excluding battery ABS body with rubberized coating Stainless steel blade material Protective cover included Cleaning brush included Compact travel-friendly design Main Feature Sections 3D Rounded Blade The Hoco HP38 uses a rounded blade design to trim nose hair cleanly while helping reduce direct irritation to the skin. Fast 9300rpm Motor The 9300rpm motor provides quick and efficient trimming for regular personal grooming. Detachable Cleaning Design The blade head can be detached for easier cleaning after use, helping keep the trimmer more hygienic. AA Battery Convenience The trimmer runs on an AA battery, making it easy to use without charging cables or waiting for recharge time. Compact and Lightweight With a small body and 47.6g weight excluding battery, the HP38 is easy to keep in a travel pouch, grooming kit, or bathroom drawer.
