Description

Hoco GT7 16-Inch Laptop Bag The Hoco GT7 16-Inch Laptop Bag is designed for users who need a slim, lightweight, and protective laptop bag for daily work, university, business, and travel. With a high-density water-repellent outer layer, soft fleece lining, air-cushioned shock-proof strip, soft carry handle, front storage pocket, and durable 5mm jacquard + microfiber + PU leather construction, it offers practical protection and clean everyday carry for compatible 16-inch laptops. Key Features Designed for 16-Inch LaptopsSuitable for carrying compatible 16-inch laptops, notebooks, and slim work devices. High-Density Water-Repellent Outer LayerHelps protect the laptop from light splashes, moisture, and everyday outdoor exposure. High-Density Fleece LiningSoft interior lining helps reduce scratches and protects the laptop surface during carry. Air-Cushioned Shock-Proof StripBuilt-in protective strip helps absorb small daily bumps and movement. Front Storage PocketProvides convenient space for essentials such as cables, charger, mouse, notebook, documents, phone, or accessories. Soft Carry HandleComfortable handle makes the bag easy to carry by hand for commuting, office, and travel use. Durable Material CombinationMade from 5mm jacquard, microfiber, PU leather, and zipper materials for daily reliability. Metal Logo PlateAdds a clean and professional design detail. Slim 40mm ProfileKeeps the bag compact while still offering laptop protection and accessory storage. Lightweight Daily CarryWeighs 348g, making it practical for work, school, travel, and everyday use.
