Description

Hoco GT7 14-Inch Laptop Bag The Hoco GT7 14-Inch Laptop Bag is designed for users who need a slim, protective, and practical laptop bag for daily work, school, business, and travel. With a high-density water-repellent outer layer, high-density fleece lining, air-cushioned shock-proof strip, soft carry handle, front storage pocket, and lightweight 288g design, it helps protect and carry a 14-inch laptop with a clean professional look. Key Features Designed for 14-Inch LaptopsSuitable for carrying compatible 14-inch laptops for work, school, travel, or daily use. Water-Repellent Outer LayerHigh-density water-repellent exterior helps protect the laptop from light splashes and everyday moisture exposure. High-Density Fleece LiningSoft inner lining helps protect the laptop surface from scratches during daily carry. Air-Cushioned Shock-Proof StripBuilt-in shock-proof strip helps reduce impact from daily bumps and movement. Front Storage PocketProvides extra space for small accessories such as cables, adapters, mouse, documents, notebook, or phone. Soft Carry HandleComfortable handle makes it easy to carry by hand during commuting or travel. Durable Material CombinationMade from 5mm jacquard, microfiber, PU leather, and zipper materials for practical everyday durability. Metal Logo PlateAdds a clean and professional detail to the bag design. Slim & Lightweight BuildWeighs only 288g, making it easy to carry without adding unnecessary bulk. Travel & Daily Use FriendlyPractical for office, university, business meetings, cafes, and short trips.
