Description

Xiaomi Straw Mug 1L The Xiaomi Straw Mug 1L is designed for users who want a large-capacity insulated mug for cold drinks, warm beverages, work, travel, car use, and daily hydration. With a 1L capacity, 316L stainless steel interior, 6-hour heat and cold insulation, Tritan straw, three drinking methods, wide 90mm mouth, and car cup holder-friendly shape, it is a practical everyday mug for home, office, exercise, and on-the-go use. Key Features 1L Large CapacityHelps you stay hydrated throughout the day with fewer refills. 316L Stainless Steel InteriorDurable, corrosion-resistant interior suitable for different beverages and daily use. 6-Hour Cold InsulationKeeps cold drinks cool for up to 6 hours, ideal for iced drinks and hot weather. 6-Hour Heat InsulationKeeps warm drinks warm for up to 6 hours, suitable for tea, coffee, and seasonal use. Three Ways to DrinkDrink through the straw, sip directly, or pour into your mouth depending on preference. Tritan Straw & LidMade from safe, odorless, BPA-free Tritan material for reliable everyday drinking. Food-Grade Silicone Straw TipComfortable to use and safe for mouth contact. Wide 90mm Mouth OpeningMakes it easier to add ice, pour drinks, and clean inside the mug. Fits Car Cup HoldersWide top and narrow bottom design fits cup holders with a diameter of 76mm and above. Silicone Base PadHelps reduce slipping and improves stability on desks and flat surfaces. Skin-Friendly HandleComfortable to hold and carry during daily use. Interior MAX Water LineHelps remind users not to overfill the mug. Technical Specifications Product Type: Insulated Straw Mug Brand: Xiaomi Product Name: Xiaomi Straw Mug Capacity: 1L Interior Material: 316L stainless steel Straw Material: Tritan Lid Material: Tritan Straw Tip Material: Food-contact grade silicone Insulation Performance, Cold: Up to 6 hours Cold Retention Reference: Stays cold around 10°C for 6 hours Insulation Performance, Warm: Up to 6 hours Heat Retention Reference: Stays warm around 55°C for 6 hours Mouth Opening: 90mm wide mouth Drinking Methods: Straw drinking, direct sipping, direct pouring Car Cup Holder Fit: Suitable for cup holders with 76mm diameter and above Base: Silicone non-slip base pad Handle: Skin-friendly carry handle Design: Wide top, narrow bottom, portable cup holder-friendly shape Insulation Performance Cold Drinks: Up to 6 hours Warm Drinks: Up to 6 hours Actual insulation performance depends on drink temperature, room temperature, lid opening frequency, amount of liquid, and whether ice is used. How to Use Use the straw for smaller sips during work, driving, or exercise. Sip directly for smooth daily drinking. Pour into your mouth for larger gulps. Insert the slanted end of the straw into the mug and connect the flat end to the silicone tip. Care & Safety Notes Keep the mug upright to avoid spills. Do not place it horizontally, upside down, or inside a bag with the straw attached. Do not drink beverages above 50°C to avoid scalding. Fill below the MAX water level mark to prevent overflow.
