Description

Xiaomi Smart Ceiling Light D20 The Xiaomi Smart Ceiling Light D20 is designed for smaller indoor spaces where smart automatic lighting makes everyday movement easier. With a built-in radar light sensor, the lamp can turn on when motion is detected and turn off after exit, making it ideal for hallways, entrances, corridors, storage rooms, small bedrooms, and compact living areas. Its slim 6cm design, IP50 dust resistance, Xiaomi Home app support, and 2700K–5700K color temperature range make it a clean and practical smart lighting upgrade. Key Features Smart Radar Light SensorDetects human motion in real time, allowing the light to turn on upon entry and turn off after exit. Automatic Lighting ConveniencePractical for hallways, entrances, corridors, storage areas, and spaces where hands-free lighting is useful. Custom Xiaomi Ultra-Slim LensDesigned to provide uniform lighting while keeping the lamp slim and modern. Sleek 6cm DesignMinimal ceiling profile gives the light a clean and simple look for modern interiors. 2700K–5700K Color Temperature RangeAdjust from warm light to cool white light depending on the room, time, and usage. 17W Rated PowerSuitable for smaller indoor spaces that need smart, efficient ceiling lighting. IP50 Dust ResistanceHelps prevent dust and small insects from entering the lamp body, keeping the light cleaner over time. Built-In Wi-Fi Smart ControlSupports smart connection with the Xiaomi Home app for easier control and setup. Multiple Control MethodsCan be controlled through Xiaomi Home app, compatible remote control, Google, Alexa, and supported smart home options. Minimal White DesignClean white finish blends easily with different home interiors. Technical Specifications Product Type: Smart Ceiling Light Brand: Xiaomi Product Name: Xiaomi Smart Ceiling Light D20 Product Model: 9290041707 Area of Use: Indoor Color: White Product Dimensions: Φ250 × 60mm Product Depth: 6cm Net Weight: Approx. 0.57kg Rated Input: 100–240V, 50/60Hz, 0.17A Rated Input Power: 17W Color Temperature: 2700K–5700K Sensor: Smart radar light sensor Dust Resistance Rating: IP50 Control Methods: Xiaomi Home app, compatible remote control, Google, Alexa, and supported smart control methods Connectivity: Built-in Wi-Fi module Application Area: Smaller indoor spaces Smart Sensor Function The Xiaomi Smart Ceiling Light D20 uses radar and light sensors to detect motion and lighting conditions. This allows the light to switch on when someone enters and switch off after leaving, making it useful for areas where automatic lighting is more convenient than manual control. Smart Control The Xiaomi Smart Ceiling Light D20 supports Xiaomi Home app connection through its built-in Wi-Fi module. Users can manage lighting settings through the app and connect it with compatible smart home systems. Remote control may be sold separately depending on the package and region. Waterproof / Dust Resistance Rating Dust Resistance: IP50 Helps reduce dust and small insects entering the lamp body Designed for indoor use only Not suitable for bathrooms, outdoor areas, rain exposure, or wet locations What’s in the Box Xiaomi Smart Ceiling Light D20 × 1 Expansion screws × 3 User manual × 1
