Description

Insta360 Foldable Utility Handle The Insta360 Foldable Utility Handle is designed for X5 users who want a compact grip that improves handheld shooting, camera protection, and quick tripod setup. With a palm-sized foldable design, soft rubber grip, sliding lock buckle, and built-in mini tripod, it is a practical accessory for creators who need better control during daily filming, travel, vlogging, and stable shots on flat surfaces. Key Features Designed for Insta360 X5Compatible with Insta360 X5 for handheld shooting and stable camera control. Palm-Sized Foldable DesignCompact enough to carry easily while still offering a more secure grip during filming. Camera Protection SupportHelps protect the camera while improving handling during everyday shooting. Soft Rubber GripComfortable grip design makes it easier to shoot for longer periods. Quick Unfolding MechanismUnfolds in seconds using a sliding lock buckle for fast setup. Built-In Mini Foldable TripodAllows users to place the camera on flat surfaces for static shots, group shots, vlogs, and hands-free filming. All-Day Shooting ConvenienceUseful for travel, walking shots, creator content, desk recording, and casual outdoor filming. Compact Creator AccessoryCombines handheld grip and mini tripod function in one simple tool.
