Product specification sheet

Product	Segway GT3 SuperScooter
SKU	cm-AA.06.02.01.0004
Brand	Segway
Category	Automobiles & Motorcycles
Minimum order quantity	1
Unit	—
Unit price	$1,799.00
Available quantity	0

Description

Segway GT3 SuperScooter Short Strategic Positioning Paragraph The Segway GT3 SuperScooter is built for riders who want more than basic commuting. With up to 31mph speed, 2400W max power, up to 45 miles range, dual hydraulic suspension, 11-inch self-sealing tubeless tires, front and rear disc brakes, traction control, and a smart TFT display, it is designed for powerful urban rides, longer distances, and a more controlled high-performance scooter experience. Key Features Up to 31mph Max SpeedBuilt for riders who want faster urban mobility and a more thrilling ride experience. 2400W Max PowerStrong rear-drive hub motor delivers confident acceleration and better hill-climbing performance. Up to 45 Miles RangeSegRange technology helps extend riding distance, making the GT3 suitable for longer commutes and extended rides. 30% Max Climbing SlopeHandles steep inclines better than standard commuter scooters. 9.5 Seconds 0–30mph AccelerationDelivers strong acceleration for riders who want performance-focused riding. SegRide Stability Enhancement SystemImproves control during high-speed riding, sharp turns, and difficult road conditions. Traction Control SystemHelps reduce slipping and improve grip on challenging surfaces when activated through the Segway Mobility app. Dual Hydraulic SuspensionFront twin-tube hydraulic shock absorbers and rear trailing-arm hydraulic suspension help reduce road impact and improve ride comfort. 11-Inch Self-Sealing Tubeless TiresWide tires provide better traction and comfort, with a self-sealing layer designed to handle punctures up to 4mm. Front & Rear Disc BrakesDual disc brakes provide stronger stopping power and more control during higher-speed rides. 2.4-Inch Smart Color DisplayShows navigation updates, speed, battery level, trip distance, ride status, and incoming call alerts. Segway AirLock SupportSupports autonomous locking and unlocking through compatible Segway smart features. IPX6 Water ResistanceDesigned to handle splashes and wet-road exposure during daily riding. Technical Specifications Product Type: High-Performance Electric Scooter Model: Segway SuperScooter GT3 Model Number: 060203PC Drive System: Rear-wheel drive Motor Type: Rear-drive hub motor Nominal Power: 1200W Maximum Power: 2400W Maximum Speed: Approx. 31mph / 50km/h Maximum Range: Approx. 45 miles / 73.4km in ECO mode Maximum Slope: Approx. 30% Acceleration: 0–30mph in approx. 9.5 seconds Wheelbase: 40.9 in / 1040mm Ground Clearance: 7.2 in / 183mm Unfolded Dimensions: Approx. 53.5 × 26.2 × 54.6 in / 1360 × 666 × 1388mm Folded Dimensions: Approx. 49 × 25.1 × 27.8 in / 1360 × 666 × 705mm Net Weight: Approx. 87.1 lbs / 39.5kg Maximum Payload: 330 lbs / 150kg Recommended Age: 18–60 years old Required Rider Height: 5.3–6.6 ft / 160–200cm Traversable Terrain: Asphalt and flat pavement; obstacles under 1.2 in / 3cm; gaps under 1.2 in / 3cm Operating Temperature: 14–104°F / -10–40°C Storage Temperature: -4–122°F / -20–50°C IP Rating: IPX6 Display: 2.4-inch smart color TFT display Tire Type: 11-inch self-sealing tubeless tires Tire Pressure: 42–48 psi Tire Material: Rubber Suspension System: Front twin-tube hydraulic shock absorber, rear trailing-arm hydraulic shock absorber Brake System: Front disc brake, rear disc brake Range by Riding Mode ECO Mode: Approx. 45 miles / 73.4km SPORT Mode: Approx. 25 miles / 40km RACE Mode: Approx. 25 miles / 40km Battery Life Battery Energy: 899Wh Nominal Voltage: 46.8V Maximum Charging Voltage: 54.6V Nominal Capacity: 19.2Ah Battery Type: Lithium battery pack Charging Ambient Temperature: 32–113°F / 0–45°C Charging Time: Approx. 5.5 hours at 230V AC / 25°C Approx. 6.5 hours at 115V AC / 25°C Battery Management System: Overcharge protection, overheat protection, over-discharge protection, short circuit protection, and overcurrent protection Charger Specifications Charger Model: NBW54D601D3D01 Input Voltage: 100–240V~ 50–60Hz Maximum Output: 53.6V / 3.9A Max Nominal Output: 53.6V / 1.3A Max Rated Output Power: 70W Waterproof / Water Resistance Rating IPX6 Water Resistance Suitable for splashes and wet-road riding conditions Not designed for deep water, flooding, pressure washing, or full submersion What’s in the Box Segway GT3 SuperScooter Charger User documentation Package accessories may vary depending on supplier configuration
