Description

Xiaomi Soundbar Pro 2.0 Channel The Xiaomi Soundbar Pro 2.0 Channel is designed for users who want to upgrade their TV sound with clearer dialogue, stronger bass, and a more cinematic home entertainment experience. With Dolby Audio, 84W peak power, multiple connection options, and six audio modes, it is a practical sound upgrade for movies, music, gaming, news, and daily TV use. Its main value is simple TV audio enhancement. The soundbar combines two mid-bass speakers, two tweeters, NFC fast pairing, HDMI ARC, Bluetooth, and a smart remote control for easy operation. Key Features 2.0 channel soundbar Dolby Audio decoding 84W peak power Two mid-bass speakers Two tweeters 50Hz–20kHz frequency range HDMI ARC connection Optical connection Coaxial connection Bluetooth connection NFC fast pairing Six audio modes Standard, Film, Music, Game, News, and Night modes Built-in display Smart remote control Metal mesh exterior design Compatible with most TVs Main Feature Sections Dolby Audio Cinematic Sound The Xiaomi Soundbar Pro supports Dolby Audio decoding to create a richer and more immersive sound experience for movies, shows, games, and music. 84W Peak Power With two mid-bass speakers and two tweeters, the soundbar delivers clear treble, stronger mid-bass, and fuller TV sound compared with built-in TV speakers. Multiple Connection Options The soundbar supports HDMI ARC, optical, coaxial, and Bluetooth, making it easy to connect with TVs, computers, smartphones, and other compatible devices. NFC Fast Pairing Android phones with NFC support can pair quickly by holding the phone near the soundbar’s NFC area while the soundbar is in Bluetooth mode. Six Audio Modes Choose from Standard, Film, Music, Game, News, and Night modes to match different listening situations and content types. Easy Control with Display and Remote The built-in display and smart remote control make it simple to adjust volume, switch input sources, and manage audio settings. Premium Metal Mesh Design The honeycomb brushed metal mesh gives the soundbar a clean and modern look that fits well with Xiaomi TVs and most home setups. Technical Specifications Product Name: Xiaomi Soundbar Pro 2.0 Channel Product Type: TV soundbar Channel System: 2.0 channel Audio Technology: Dolby Audio Speaker Setup: 2 mid-bass speakers + 2 tweeters Peak Power: 84W Frequency Range: 50Hz–20kHz Audio Modes: Standard, Film, Music, Game, News, Night Connections: HDMI ARC, optical, coaxial, Bluetooth NFC Pairing: Supported Display: Built-in display Control: Smart remote control Design: Metal mesh exterior Recommended Use: TV, movies, music, gaming, news, Bluetooth music playback, and home entertainment Bluetooth Version Bluetooth connection is supported. Exact Bluetooth version was not provided. Important Compatibility Note HDMI ARC, Dolby Audio, NFC pairing, and Bluetooth performance depend on the connected TV, phone, content, and device compatibility. NFC pairing requires Android 8.1 or above and the soundbar must be switched to Bluetooth input.
