Description

Coteci Folding Keyboard Tri-Mode 64Key The Coteci Folding Keyboard Tri-Mode 64Key is designed for users who need a compact wireless keyboard that is easy to carry and suitable for typing on multiple devices. With a foldable design, 64-key layout, Bluetooth tri-mode connection, and lightweight 196g body, it is practical for tablets, phones, laptops, travel, work, and study. Its main value is portable multi-device typing. Users can switch between three Bluetooth channels using Fn shortcuts, making it easier to work across different devices without reconnecting every time. Key Features Foldable wireless keyboard 64-key compact layout Tri-mode Bluetooth connection Supports 3 Bluetooth channels Stable connection up to 10m Compact folded size Lightweight 196g design 200mAh lithium-ion battery Compatible with multiple systems Easy to carry for travel and work Slim 5.6mm open thickness 5V/1A or 2A charging support Main Feature Sections Foldable Portable Design The Coteci Folding Keyboard folds down from 388mm to 153mm, making it easy to carry in a bag, backpack, tablet case, or travel pouch. Tri-Mode Bluetooth Connection The keyboard supports three Bluetooth channels. Press Fn + A for Bluetooth 1, Fn + S for Bluetooth 2, and Fn + D for Bluetooth 3, allowing quick switching between devices. 64-Key Compact Layout The 64-key layout keeps the keyboard small and portable while still providing a practical typing experience for daily work, messages, notes, and documents. Stable Wireless Use With an operating distance of up to 10m, the keyboard offers flexible wireless typing for tablets, phones, laptops, and compatible devices. Lightweight Travel Build At only 196g, the keyboard is easy to carry and suitable for users who type while traveling, studying, or working outside the office.
