## Description

DJI Osmo Mobile 8P Gimbal Advanced Tracking Combo The DJI Osmo Mobile 8P Gimbal Advanced Tracking Combo is designed for creators who want smoother phone videos, smarter subject tracking, and more flexible shooting angles. With robust 3-axis stabilization, Multifunctional Module 2, built-in extension rod, tripod, and 360° pan rotation, it helps users capture professional-looking mobile content with less effort. Its main advantage is advanced tracking and creator control. The upgraded module tracks people, cats, dogs, and objects, while ActiveTrack 8.0 improves tracking agility in crowded scenes, making it ideal for vlogs, reels, livestreams, travel videos, product content, and group shots.

**Key Features**

- Advanced smartphone gimbal combo
- Robust 3-axis stabilization
- Multifunctional Module 2 included
- Tracks people, cats, dogs, and objects
- ActiveTrack 8.0 support
- Osmo FrameTap remote control
- Selfies
- Direct phone connection for native tracking
- 10-hour battery life
- USB-C phone charging support
- 360° pan rotation
- Low-angle shooting support
- Built-in extension rod
- Built-in upgraded tripod
- Magnetic Phone Clamp 5 included
- One-tap editing and easy tutorials
- Foldable travel-friendly design

**Main Feature Sections**

**Advanced Subject Tracking** The Osmo Mobile 8P uses Multifunctional Module 2 and ActiveTrack 8.0 to track people, pets, and objects more intelligently, helping keep subjects framed during movement.

**Stable 3-Axis Gimbal Filming** The upgraded 3-axis stabilization system helps reduce shake during walking shots, low-angle filming, action clips, vlogs, and handheld smartphone videos.

**Remote Control Selfies** With Osmo FrameTap remote control, users can adjust framing from a distance, making group photos and solo shots easier without rushing to beat a timer.

**360° Pan and Low-Angle Shots** The gimbal supports 360° pan rotation and low-angle shooting, giving creators more freedom for cinematic movements, creative perspectives, and dynamic social content.

**Built-In Extension Rod and Tripod** The integrated extension rod is useful for wider selfies and group shots, while the upgraded tripod provides stable hands-free filming for tutorials, livestreams, and content creation.

**10-Hour Battery and Phone Charging** With up to 10 hours of battery life, the Osmo Mobile 8P is suitable for longer shooting sessions. It can also charge a phone through USB-C during extended outdoor filming or live streaming.

**Easy Editing with DJI Mimo** DJI Mimo offers tutorials and one-tap editing tools to help users shoot, edit, and share videos faster, even if they are new to using a gimbal.

**Technical Specifications**

Product Name: DJI Osmo Mobile 8P Gimbal Advanced Tracking Combo

Product Type: Smartphone gimbal stabilizer combo

Stabilization: 3-axis gimbal stabilization

Tracking: ActiveTrack 8.0

Tracking Subjects: People, cats, dogs, and objects

Module: Multifunctional Module 2

Remote Control: Osmo FrameTap remote support

Phone Clamp: Magnetic Phone Clamp 5

Rotation: 360° pan rotation

Shooting Support: Low-angle shots, group shots, selfies, vlogs, livestreams

Built-In Tools: Extension rod and tripod

Phone Charging: USB-C phone charging support

App Support: DJI Mimo

Battery Life: Up to 10 hours

Design: Foldable and portable

Battery Life Maximum Battery Life: Up to 10 hours

Phone Charging: USB-C charging support

Actual battery life may vary depending on stabilization use, tracking, phone charging, shooting style, and environmental conditions.

**What's in the Box**

DJI Osmo Mobile 8P Gimbal x1

Multifunctional Module 2 x1

Magnetic Phone Clamp 5 x1

Storage pouch x1

Power cable x1

Power charging cable x1
