Product specification sheet

Product	Xiaomi Electric Scooter 6 Ultra
SKU	cm-BHR08KTGL
Brand	Xiaomi
Category	Automobiles & Motorcycles
Minimum order quantity	1
Unit	—
Unit price	$1,099.00
Available quantity	100

Description

Xiaomi Electric Scooter 6 Ultra The Xiaomi Electric Scooter 6 Ultra is built for riders who want maximum Xiaomi scooter performance with stronger power, longer range, advanced suspension, and smart tracking. With 12-inch all-terrain tires, dual-swing-arm suspension, 1200W peak power, and up to 75km range, it is made for confident city rides and rougher road conditions. Its main advantage is the premium riding package: fast acceleration, 25% incline support, front and rear disc brakes, IPX6 water resistance, Apple Find My support, and Xiaomi Home app control for a smarter and more secure riding experience. Key Features Up to 75km maximum range 55km range at max speed 25km/h maximum speed 1200W peak motor power 500W rated motor power 25% maximum incline 12-inch all-terrain tires Dual-swing-arm suspension Front and rear disc brakes IPX6 water resistance Apple Find My support Xiaomi Home app support 3-inch TFT colour display Direction indicators 140kg maximum load 12.5Ah / 585Wh battery Lightning Yellow design Main Feature Sections 75km Long Range The Xiaomi Electric Scooter 6 Ultra uses a 12.5Ah / 585Wh battery to deliver up to 75km maximum range. At maximum speed, the range can reach up to 55km depending on riding conditions. 1200W Peak Motor With 500W rated power and 1200W peak power, the scooter delivers strong acceleration, stable output, and confident climbing on inclines up to 25%. 12-Inch All-Terrain Tires The 12-inch all-terrain tires are designed for smoother handling across potholes, cobblestones, stone slabs, rough asphalt, and uneven roads. Dual-Swing-Arm Suspension The dual-swing-arm suspension improves shock absorption and comfort, making the scooter more stable on rougher surfaces. Disc Braking System The scooter uses disc brakes for stronger braking response and better control during daily riding. 3-Inch TFT Colour Display The 3-inch TFT display shows important ride information such as speed, mode, remaining range, alerts, and vehicle status. Apple Find My and Xiaomi Home App Apple Find My helps users locate the scooter from a compatible Apple device, while Xiaomi Home app supports smart controls, vehicle data, motor lock, energy recovery, journey log, and start-up speed settings. Technical Specifications Product Name: Xiaomi Electric Scooter 6 Ultra Maximum Speed: 25km/h Maximum Range: 75km Range at Maximum Speed: 55km Product Weight: 33.7kg Maximum Incline: 25% Braking: Disc brakes Rated Motor Power: 500W Maximum Motor Power: 1200W Tires: 12-inch all-terrain tires Maximum Load: 140kg Rider Height: 120–200cm Rider Age: 16–50 years old Operating Temperature: -10°C to +40°C Storage Temperature: -20°C to +45°C Water-Resistance Rating: IPX6 Charging Time: Approx. 10.5 hours Direction Indicator: Supported Smart Features: Apple Find My, Xiaomi Home app Display: 3-inch TFT colour display Battery Life Battery Model: DT4813CT-DM Rated Capacity: 12.5Ah / 585Wh Maximum Range: Up to 75km Range at Maximum Speed: Up to 55km Charging Time: Approx. 10.5 hours Charging Temperature: 8°C–40°C Actual range may vary depending on rider weight, riding mode, speed, incline, road surface, temperature, tire condition, and riding habits. Adapter Specifications Max. Output Power: 70W Input Voltage: 100–240VAC Input Current: 2A Max. Max. Output Voltage: 54.6VDC Output Current: 1.3A Waterproof / Water Resistance Water-Resistance Rating: IPX6 IPX6 helps protect against strong water splashes, but the scooter should not be submerged, pressure-washed, or used through deep water.
