Product specification sheet

Product	Hoco HX67 Force Air Blower
SKU	cm-HX67
Brand	Hoco
Category	Consumer Electronics
Minimum order quantity	1
Unit	—
Unit price	$26.00
Available quantity	0

Description

Hoco HX67 Force Portable Air Blower Fan The Hoco HX67 Force Portable Air Blower Fan is designed for customers who need powerful directed airflow in a compact handheld device. It is suitable for clearing dust, light debris, leaves, electronics, keyboards, car interiors, workspaces, and small outdoor cleaning tasks. Its strongest selling point is the high-speed airflow control. With up to 80,000RPM rotation speed, 100 airflow levels, turbo mode, LED digital display, built-in backlight, and up to 210 minutes of use depending on speed level, the Hoco HX67 gives users a practical cordless blower for both indoor and outdoor use. Key Features Portable handheld air blower and fan Powerful directed airflow Suitable for dust, debris, leaves, and light materials Useful for electronics cleaning, workspaces, car interiors, and outdoor tasks Can assist with fire ignition in suitable outdoor conditions Up to 80,000RPM rotation speed 100 airflow levels plus turbo mode 60W power output LED digital display Displays airflow level and battery level Built-in LED backlight Double-press power button to toggle backlight Turbo button for maximum speed Airflow level sliding button 3000mAh rechargeable battery Type-C charging port 5V/2A charging input 70–210 minutes use time depending on airflow level Up to 21 minutes use in turbo mode Compact 137 × 100 × 36mm size Lightweight 275g body Type-C charging cable included Main Feature Sections Powerful Portable Airflow The Hoco HX67 Force Air Blower is built to generate strong directed airflow in a compact handheld design. It is useful for cleaning dust from surfaces, blowing light debris, clearing leaves, and handling quick cleaning tasks without needing a large blower. 100 Airflow Levels The blower includes 100 airflow levels, giving users precise control over the airflow strength. This makes it more flexible for different tasks, from gentle electronics cleaning to stronger airflow for outdoor use. Turbo Mode Turbo mode activates the maximum speed for stronger blowing performance. It is useful when extra power is needed for stubborn dust, light debris, or fast clearing. Up to 80,000RPM Rotation Speed With a rotation speed of up to 80,000RPM, the Hoco HX67 delivers high-speed airflow in a small body. This makes it a practical tool for users who want strong performance in a portable format. LED Digital Display The LED digital display shows the selected airflow level and battery power level. This helps users monitor performance and know when the device needs charging. Built-In LED Backlight The built-in LED backlight adds extra convenience when working in darker areas, such as car interiors, toolboxes, storage rooms, or outdoor spaces at night. The backlight can be toggled by double-pressing the power button. Rechargeable 3000mAh Battery The built-in 3000mAh battery provides 70–210 minutes of use depending on airflow level, with up to 21 minutes in turbo mode. This makes the blower practical for multiple quick cleaning tasks on one charge. Type-C Charging The Hoco HX67 charges through a Type-C port with 5V/2A input. A Type-C charging cable is included for convenient recharging. Compact and Lightweight Design At 137 × 100 × 36mm and 275g, the blower is easy to carry, store, and use with one hand. It is suitable for home, office, car, travel, camping, and outdoor cleaning tasks. Multiple Control Options The blower includes a power button for power and backlight control, an airflow level sliding button for speed selection, and a turbo button that activates maximum speed while held. Technical Specifications Product Name: Hoco HX67 Force Portable Air Blower Fan Product Type: Portable handheld air blower and fan Power: 60W Rotation Speed: Up to 80,000RPM Airflow Levels: 100 levels plus turbo mode Airflow Noise: 90dB Fan Blades: 7 × 2-inch blades Control: Power button, airflow level sliding button, turbo button Backlight Control: Double-press power button Display: LED digital display Display Information: Airflow level and battery power level Material: ABS + electronic components Battery Capacity: 3000mAh Charging Input: 5V/2A Charging Port: Type-C Charging Time: Around 5 hours Use Time: 70–210 minutes depending on airflow level Turbo Mode Use Time: Up to 21 minutes Product Size: 137 × 100 × 36mm Product Weight: 275g Recommended Use: Dust cleaning, electronics cleaning, keyboard cleaning, car interior cleaning, light debris clearing, leaves, outdoor tasks, fire ignition support Battery Life Battery Capacity: 3000mAh Use Time: 70–210 minutes depending on airflow level Turbo Mode Use Time: Up to 21 minutes Charging Time: Around 5 hours Charging Input: 5V/2A Charging Port: Type-C Actual use time may vary depending on airflow level, turbo usage, battery condition, and environment. What’s in the Box Hoco HX67 Force Portable Air Blower Fan x1 Type-C Charging Cable x1
