| SKU | cm-ZMYDFS01DM |
| Brand | Xiaomi |
| Category | Home Appliances |
| Minimum order quantity | 1 |
| Unit | — |
| Unit price | $65.00 |
| Available quantity | 100 |

## Description

Xiaomi Rechargeable Mini Fan The Xiaomi Rechargeable Mini Fan is designed for customers who want a compact, cable-free cooling solution for the desk, home, office, study area, or outdoor use. With its 2-in-1 handheld and desktop design, it gives users flexible cooling wherever they need a refreshing breeze. Its strongest selling point is the balance between portability, long battery life, quiet operation, and wide-angle airflow. With a 4000mAh battery, up to 18.5 hours of use on speed setting 1, 7 nature-inspired blades, 90° oscillation, and Type-C charging, it is a practical fan for daily comfort during hot weather in Lebanon. Key Features 2-in-1 handheld and desktop fan Cable-free rechargeable design Built-in 4000mAh battery Up to 18.5 hours battery life on speed setting 1 Type-C charging interface Can be charged by power bank or socket Brushless DC motor Low-noise operation as low as 34dB(A) 7 nature-inspired blades for gentle airflow Maximum airflow up to 6m³/min 90° vertical and horizontal oscillation Wide-angle 3D ventilation 4 wind speed settings 360° knob control Fine mesh grid for safer use Built-in aroma pad Removable cover for easier cleaning LED battery level indicator ABS body material Anti-slip soft pad for stable standing Compact 0.67kg body Main Feature Sections Handheld and Desktop Use The Xiaomi Rechargeable Mini Fan can be used on a desk or held in your hand, making it practical for different daily situations. It is suitable for office use, studying, home use, outdoor recreation, and travel. Long Wireless Battery Life The built-in 4000mAh battery supports long cable-free use, with up to 18.5 hours of runtime on speed setting 1. This makes it useful for long workdays, study sessions, or portable cooling without staying connected to power. Type-C Charging The fan uses a universal Type-C charging interface. It can be charged using a power bank or socket with the recommended 5V-2A or higher output, using the charging cable provided in the package. Quiet Brushless DC Motor The brushless DC motor is designed for stable performance and lower noise. With noise as low as 34dB(A), the fan can provide a quiet breeze while working, studying, or sleeping. 7-Blade Gentle Airflow The 7 nature-inspired blades help cut airflow into smaller streams for a softer and more comfortable breeze. The maximum airflow can reach up to 6m³/min, giving the fan strong performance for its compact size. 90° Wide-Angle Oscillation The fan supports 90° vertical and horizontal oscillation, helping distribute airflow across a wider area. This makes it more effective for desk use, bedside use, or shared cooling in small spaces. 4 Wind Speeds The 4 wind speed settings allow users to choose the airflow level that feels most comfortable. The 360° knob makes speed control simple and direct. Built-In Aroma Pad The built-in aroma pad allows users to add a few drops of their preferred essential oil to the cotton pad inside the front fan guard. This can add a light scent to the airflow depending on the oil used. Fine Mesh Grid for Safer Use The fine mesh grid helps make airflow more even and concentrated while adding a safer barrier around the blades. This is useful for homes, desks, and family environments. Easy Cleaning and Stable Placement The removable cover makes cleaning easier, while the anti-slip soft pad helps the fan stand more securely on flat surfaces. The ABS body material gives it a strong and durable feel for daily use. Technical Specifications Product Name: Xiaomi Rechargeable Mini Fan Product Model: ZMYDFS01DM Product Type: Rechargeable handheld and desktop fan Battery Capacity: 4000mAh Battery Life: Up to 18.5 hours on speed setting 1 Charging Interface: Type-C Recommended Charging Output: 5V-2A or higher Motor Type: Brushless DC motor Blade Design: 7 nature-inspired blades Maximum Airflow: Up to 6m³/min Oscillation: 90° vertical and horizontal oscillation Wind Speeds: 4 speed settings Control: 360° knob Noise Level: As low as 34dB(A) Rated Noise: ≤ 48dB(A) Rated Voltage: 5V Rated Power: 10W Body Material: ABS Product Net Weight: 0.67kg Chassis Diameter: 87mm Dimensions: 170 × 87 × 250mm Safety Feature: Fine mesh grid Cleaning Feature: Removable cover Indicator: LED battery level indicator Stability Feature: Anti-slip soft pad Battery Life Battery Capacity: 4000mAh Runtime: Up to 18.5 hours on speed setting 1 Charging Port: Type-C Charging Method: Power bank or socket using the included charging cable Adapter Note: Power adapter is not specified as included What's in the Box Xiaomi Rechargeable Mini Fan x1 Charging Cable x1 User Manual x1
