Product	Braun BT7520 Beard Trimmer
SKU	cm-BT7520
Brand	Braun
Category	Hair Care
Minimum order quantity	1
Unit	—
Unit price	$95.00
Available quantity	100

Description

Braun Series 7 Beard Trimmer BT7520 The Braun Series 7 Beard Trimmer BT7520 is designed for men who want professional-level beard styling, precise length control, smooth fades, clean edges, and long cordless performance at home. Its strongest selling point is not only the 120-minute runtime. The real value is the combination of Braun’s Lifetime Ultra Sharp ProBlade, AutoSense Technology, PrecisionLock, PrecisionWheel, 40 length settings, 0.5mm precision steps, waterproof design, and premium barbering tools for trimming, shaving, edging, and fading. Key Features Braun Series 7 beard trimmer Lifetime Ultra Sharp ProBlade AutoSense Technology PrecisionLock for controlled trimming PrecisionWheel length adjustment 40 length settings 0.5mm precision steps Designed for trimming, shaving, edging, and fading Precision Shave head for clean lines Premium barbering tools Helps catch tricky hairs efficiently 100% waterproof design Long-lasting Li-Ion battery Up to 120 minutes cordless runtime Suitable for advanced beard styling and home grooming Trimming Performance Lifetime Ultra Sharp ProBlade The Lifetime Ultra Sharp ProBlade is designed to cut efficiently and catch even tricky beard hairs for a more even trim. Maximum Efficiency The blade system helps reduce repeated strokes, making trimming smoother and more controlled across different beard lengths. AutoSense Technology Adapts to Beard Density AutoSense Technology helps adjust performance based on beard thickness, giving more consistent trimming across denser and lighter areas. Real Buyer Benefit This is especially useful for users with uneven beard density or thicker facial hair, where basic trimmers may pull, miss hairs, or require multiple passes. Precision Control PrecisionWheel Adjustment The PrecisionWheel gives users direct control over trimming length. 40 Length Settings With 40 length settings in 0.5mm steps, the BT7520 supports short stubble, medium beard maintenance, longer beard shaping, and detailed finishing. PrecisionLock PrecisionLock helps keep the selected length secure during trimming, reducing the risk of accidental setting changes. Barbering & Styling Tools Trim, Shave & Edge The included premium barbering tools are designed for more complete grooming, including beard trimming, clean edging, and smooth fade work. Precision Shave Head The Precision Shave head helps create sharper lines around the cheeks, neckline, sideburns, and beard edges. Waterproof Design 100% Waterproof The waterproof design makes the trimmer easier to clean and more practical for regular grooming routines. Easy Maintenance Users can rinse the trimmer after use to help keep it clean and ready for the next grooming session. Battery Life Long-Lasting Li-Ion Battery The built-in Li-Ion battery supports dependable cordless use. Up to 120 Minutes Runtime The BT7520 delivers up to 120 minutes of cordless runtime, making it suitable for multiple grooming sessions between charges.
