Product	Xiaomi Scooter Cable Lock
SKU	cm-BHR6751GL
Brand	Xiaomi
Category	Automobiles & Motorcycles
Minimum order quantity	1
Unit	—
Unit price	$22.00
Available quantity	100

Description

Xiaomi Electric Scooter Cable Lock The Xiaomi Electric Scooter Cable Lock is designed for users who want a simple, portable, and secure way to lock their Xiaomi electric scooter during short stops and daily use. Its strongest selling point is not only the cable design. The real value is the combination of a 1200mm steel cable, 5-digit combination code, zinc alloy lock head, lightweight body, and durable anti-rust construction. Key Features Electric scooter cable lock 5-digit combination code 100,000 possible code combinations 1200mm steel cable Withstands tensile force up to 1500N Zinc alloy lock head Anti-rust coating Compact and portable design Comfortable rubber exterior lining Made with eco-friendly durable materials Resistant to impact, heat, corrosion, and rust Compatible with Mi Electric Scooter No key required Security Design 5-Digit Code Lock The Xiaomi Electric Scooter Cable Lock uses a 5-digit code system, giving up to 100,000 possible combinations for stronger everyday security than a standard 4-digit lock. Resettable Code The initial code is 00000 and can be changed by the user for personal security. Cable Strength 1200mm Steel Cable The 1.2m cable length gives enough flexibility to lock the scooter to suitable fixed objects, depending on the parking location. Up to 1500N Tensile Resistance The steel cable is designed to withstand tensile force up to 1500N when locked, helping protect against pulling and forced removal. Build Quality Zinc Alloy Lock Head The lock cylinder and rod are made from zinc alloy and treated with an anti-rust coating for better durability. Durable Protective Materials The lock uses steel cable, ABS, and zinc alloy materials for a balance of strength, portability, and everyday wear resistance. Portability Compact and Lightweight With a net weight of around 0.27kg, the lock is easy to carry with a scooter or store in a bag. Comfortable Grip The rubber exterior lining improves handling and makes the lock more comfortable to hold during daily use.
