Product specification sheet

Product	JBL Soundgear Clips Open-Ear Headphones (Blue)
SKU	cm-jblsndgearclbl
Brand	JBL
Category	Audio & Video
Minimum order quantity	1
Unit	—
Unit price	$125.00
Available quantity	100

Description

JBL Soundgear Clips Open-Ear Headphones The JBL Soundgear Clips are designed for users who want open-ear listening, stylish clip-on comfort, and JBL sound without blocking their surroundings. Its strongest selling point is not only the open-ear design. The real value is the combination of JBL OpenSound technology, enhanced bass, all-day clip-on comfort, 4-mic AI call clarity, multipoint connection, app customization, and up to 32 hours total playtime. Key Features Open-ear clip-on headphones JBL OpenSound technology SonicArc design for enhanced bass and reduced sound leakage 11mm dynamic drivers Adaptive Bass Boost algorithm 4 microphones for clearer calls AI-trained noise reduction algorithm Multipoint connection Fast Pair by Google JBL Headphones app support 6 EQ presets and 10-band customizable EQ Up to 8 hours playtime in the headphones Up to 32 hours total playtime with charging case Speed charge: 10 minutes for up to 3 hours playback IP54 water and dust resistance USB-C charging support Open-Ear Listening JBL OpenSound Technology The open-ear design allows users to listen to music and calls while keeping their ear canals open. Real Buyer Benefit This helps users stay aware of their surroundings during walking, commuting, office work, outdoor activities, and daily movement. Sound Performance 11mm Dynamic Drivers The 11mm drivers deliver rich JBL sound with clear detail and stronger bass than basic open-ear earbuds. Adaptive Bass Boost The Adaptive Bass Boost algorithm helps improve low-end performance, giving the headphones a fuller sound while keeping the open-ear comfort. SonicArc Design The SonicArc design supports enhanced bass performance and helps reduce sound leakage, so audio stays more private. Comfort & Fit Clip-On Ear Design The JBL Soundgear Clips attach to the ear without going inside the ear canal. All-Day Comfort Soft, flexible, lightweight materials and memory wire hooks help the headphones stay secure without heavy pressure. Stable Fit The clipping strength is designed to stay secure while avoiding a tight or uncomfortable feel. Call Quality 4-Mic Call System Each earbud includes beamforming microphones to improve voice pickup. AI-Trained Noise Reduction The AI algorithm helps reduce environmental noise for clearer calls, especially outdoors or in noisy spaces. App Microphone Control Through the JBL Headphones app, users can choose microphone behavior based on how they wear the earbuds. Connectivity Multipoint Connection The headphones can connect to two Bluetooth devices, making it easier to switch between phone, tablet, or laptop. Fast Pair by Google Fast Pair allows quick one-tap pairing with compatible Android devices. App Control JBL Headphones App The JBL Headphones app allows users to customize sound and gestures. EQ Customization Users can choose from 6 EQ presets or adjust a 10-band equalizer to fine-tune highs, mids, and lows. Battery Life Earbud Playtime Up to 8 hours of music playback from the headphones. Total Playtime Up to 32 hours total with the charging case. Speed Charge A 10-minute charge provides up to 3 hours of playback. Important Note Charging cable is not included. Water & Dust Resistance IP54 Rating The headphones are resistant to dust and light water exposure, making them suitable for daily outdoor use, light rain, and workouts.
