Product	Braun Series 6 Flexible Shaver Head
SKU	cm-62-S1000s
Brand	Braun
Category	Hair Care
Minimum order quantity	1
Unit	—
Unit price	$139.00
Available quantity	100

Description

Braun Series 6 Silver Shaver 62-S1000s The Braun Series 6 Silver 62-S1000s is designed for users who want a comfortable electric shave with better contour adaptation and smart power adjustment. Its strongest selling point is not just the flexible head. The real advantage is the combination of contour-following shaving, AutoSense beard-density detection, ultra-thin foil, and 60-minute battery life. This makes it a practical premium-midrange option for daily shaving and regular grooming. Key Features Braun Series 6 electric shaver Flexible shaver head Precision adjustment for facial contours Ultra-thin 0.058mm foil More than 2,000 micro-perforations AutoSense smart beard-density technology Detects beard density 2,250 times per second Automatically adjusts motor power High-definition LED display 60-minute battery life 1-hour full charge 5-minute quick charge for one shave Blade lock indicator Shaving Performance Flexible Shaver Head The flexible head adapts to facial contours, helping improve contact around the jawline, chin, and neck. Ultra-Thin Foil The 0.058mm foil with more than 2,000 micro-perforations helps capture hairs from different directions for a cleaner shave. Important Correction Do not say “cuts from the root” on the product page. Electric foil shavers cut hair close to the skin, not from the root. “From the root” is for epilators, not shavers. Using that phrase can create false expectations. AutoSense Technology Beard Density Detection AutoSense technology detects beard density up to 2,250 times per second. Automatic Power Adjustment The shaver adjusts motor power based on beard thickness, helping reduce pulling and improve shaving consistency across different areas of the face. Display & Indicators High-Definition LED Display The display shows useful grooming information such as: Battery level Charging reminders Blade replacement alerts Cleaning reminders Gear indicator Blade lock status Battery Life Runtime Up to 60 minutes cordless use. Full Charge Approximately 1 hour. Quick Charge 5-minute quick charge for one shave.
