Product specification sheet

Product	Dreame D20 Ultra Robot Vacuum Mop
SKU	cm-293070
Brand	Dreame
Category	Home Appliances
Minimum order quantity	1
Unit	—
Unit price	$549.00
Available quantity	100

Description

Dreame D20 Ultra Robot Vacuum & Mop The Dreame D20 Ultra is built for users who want a more complete hands-free floor cleaning system, not just a robot vacuum. Its strongest selling point is the maintenance automation. The combination of auto-emptying, automatic mop washing, automatic mop drying, mop raising, and 13,000Pa suction makes it a major upgrade over standard robot vacuums that still need frequent manual cleaning. Key Features 13,000Pa Vormax suction power Robot vacuum and mop system Auto-empty dust collection for up to 100 days Automatic mop washing Automatic mop drying 10.5mm mop raising Smart carpet cleaning strategy Smart Pathfinder navigation Editable home maps App and voice control 5200mAh battery Up to 370 minutes vacuuming runtime Cleaning Performance 13,000Pa Vormax Suction The D20 Ultra delivers strong suction for daily dust, dirt, crumbs, and hair pickup across different floor types. Smart Carpet Cleaning Strategy The robot can adjust its cleaning behavior around carpets, helping improve cleaning performance while reducing unnecessary wet contact. Mop Cleaning System Automatic Mop Washing The base station washes the mop automatically, reducing manual cleaning after each session. Automatic Mop Drying Mop drying helps reduce odor and moisture buildup after cleaning. 10.5mm Mop Raising The mop can lift up to 10.5mm, helping protect carpets and rugs during vacuuming. Hands-Free Maintenance Auto-Empty for Up to 100 Days The robot automatically empties dust into the base station, reducing how often users need to manually clean the dust box. Easy Maintenance Design This is the real upgrade over standard robot vacuums. It reduces the two biggest friction points: dust bin emptying and mop cleaning. Navigation & Mapping Smart Pathfinder Technology Smart Pathfinder navigation creates home maps for more organized cleaning. Editable Maps Users can customize rooms, zones, and cleaning areas through the app. App & Voice Control App Control The app allows users to manage schedules, cleaning modes, maps, and room-based cleaning. Voice Control Voice control support makes cleaning easier to start or manage without manual setup. Battery Life Battery Capacity 5200mAh battery. Runtime Up to 370 minutes of vacuuming runtime. Technical Specifications Suction Power 13,000Pa Vormax suction Battery Capacity 5200mAh Runtime Up to 370 minutes vacuuming Auto-Empty Duration Up to 100 days Mop System Automatic mop washing and drying Mop Raising 10.5mm Navigation Smart Pathfinder technology Control App and voice control Cleaning Functions Vacuuming and mopping
