Available quantity	100

Description

Braun Silk-épil 9 Flex 9-060 3D Epilator The Braun Silk-épil 9 Flex 9-060 is a premium epilation system designed for long-lasting smooth skin with better comfort and flexibility than standard epilators. Its strongest selling point is not just removing short hairs. The real upgrade is the fully flexible 3D head, which helps maintain better skin contact on curved areas and reduces missed hairs during use. Key Features Fully flexible 3D epilator head 40 MicroGrip tweezers Removes hairs as short as 0.5mm Up to 1 month of smooth skin Smart Touch pressure control Smart Light for fine hair visibility Wet & dry use Suitable for bath or shower use 50-minute cordless battery life Includes exfoliation brush, shaver head and trimmer comb Hair Removal Performance 40 MicroGrip Tweezers The 40 MicroGrip tweezers remove hair from the root and can capture short hairs from 0.5mm, giving longer-lasting smoothness compared to shaving. Long-Lasting Smoothness Designed to keep skin smooth for up to 1 month, depending on hair growth cycle, body area and consistency of use. Fully Flexible 3D Head Better Contact on Curves The fully flexible head adapts to body contours, helping reduce missed hairs on tricky areas such as knees, underarms and bikini line. Real Buyer Benefit This is the main premium advantage over fixed-head epilators. Better skin contact means fewer repeated passes and a smoother experience. Smart Touch Technology Pressure-Adaptive Control Smart Touch helps adjust pressure on the skin and switch between power and gentle mode, making the device easier to use on sensitive areas. Smart Light Fine Hair Visibility The built-in Smart Light reveals fine and small hairs, helping users avoid missed spots during epilation. Wet & Dry Use Bath and Shower Friendly The epilator can be used dry or in the bath/shower. Warm water can help reduce pain sensation and make epilation more comfortable, especially for beginners. Battery Life Runtime Up to 50 minutes cordless use. Battery Type Li-ion battery.
