Description

Anker MagGo Power Bank 10K Slim The Anker MagGo Power Bank 10K Slim is designed for iPhone users who want strong portable power in a thinner, more travel-friendly magnetic charger. With Qi2-certified 15W wireless charging, a 10,000mAh battery, 30W USB-C output, slim body design, matte UV finish, metal frame, and improved thermal comfort, it is ideal for daily backup power, travel, commuting, office use, and MagSafe-compatible iPhone charging. Key Features Slim 10,000mAh Magnetic Power BankCombines high-capacity backup power with a slim portable design that is easier to carry daily. Qi2-Certified 15W Wireless ChargingSupports up to 15W wireless charging for compatible iPhone models with secure magnetic alignment. Fast iPhone ChargingCharges an iPhone 15 Pro from 0 to 50% in approximately 51 minutes under stated conditions. 30W USB-C PortProvides wider wired charging compatibility for phones, tablets, earbuds, and other USB-C devices. 10,000mAh Battery CapacityOffers enough capacity for daily use and travel, with up to 1.8 full charges for an iPhone 15 Pro under stated conditions. Ultra-Slim DesignMeasures only 0.58 × 2.78 × 4.09 inches, making it one of Anker’s slimmest magnetic power bank designs. Eronomic Portable BuildDesigned for easier holding, carrying, and everyday use while attached to the phone. Matte UV FinishGives the power bank a cleaner feel and more premium daily handling. Sturdy Metal FrameAdds structure and durability while keeping the design modern and slim. Aerogel Thermal InsulationHelps keep the power bank more comfortable to hold during charging. USB-C Cable IncludedComes with a 60cm USB-C to USB-C cable for wired charging and recharging.
