Product specification sheet

Product	Anker 60W USB-C to USB-C Cable
SKU	cm-A8752H11
Brand	Anker
Category	Accessories
Minimum order quantity	1
Unit	—
Unit price	$12.00
Available quantity	100

Description

Anker 60W USB-C to USB-C Cable Most people buy charging cables based on: “brand only” or “highest wattage number.” That’s incomplete thinking. A cable’s real value comes from: reliability under repeated daily stress. Because failed cables usually happen from: connector fatigue internal wire damage bending stress weak shielding Not charging speed alone. Key Features USB-C to USB-C cable Supports up to 60W Power Delivery Nylon braided exterior Reinforced fiber core Universal USB-C compatibility Designed for phones, tablets, and laptops Includes 2 cable lengths Bend-resistant construction Charging Performance Max Power Delivery Up to 60W PD charging Power Output 20V 3A Best Usage Ideal for: smartphones tablets Nintendo Switch USB-C accessories many USB-C laptops Important Compatibility Note Connector Type USB-C to USB-C only Does NOT Work With USB-A chargers This is one of the most common buyer mistakes. Data & Video Support Supports charging standard USB-C connectivity Does NOT Support media/video display output Meaning: no monitor output no HDMI/DisplayPort functionality That distinction matters. Durability Construction Nylon braided cable Reinforced fiber core Durability Claim Tested for up to 5,000 bends Real Benefit Better resistance against: daily bending bag storage stress desk usage wear connector strain Included in the Box 2 × USB-C to USB-C cables 3 ft cable 6 ft cable Hook-and-loop cable tie Best Use Cases Excellent For fast phone charging tablet charging desk charging setup travel bags power banks USB-C laptop charging up to 60W Not Ideal For high-power gaming laptops above 60W external display/video workflows
