Product specification sheet

Product	Apple AirPods Max 2 (NHW 2026) (Orange)
SKU	cm-MHWN4ZE
Brand	Apple
Category	Audio & Video
Minimum order quantity	1
Unit	—
Unit price	$485.00
Available quantity	100

Description

Apple AirPods Max 2 NHW 2026 Apple AirPods Max 2 NHW 2026 should be positioned as a premium Apple ecosystem headphone, not just a normal over-ear headset. It combines high-fidelity sound, up to 1.5× stronger Active Noise Cancellation, Apple H2 chip performance, Personalized Spatial Audio with dynamic head tracking, Adaptive Audio, Transparency Mode, Live Translation with Apple Intelligence, premium memory foam comfort, USB-C charging, and seamless integration across iPhone, iPad, Mac, and Apple TV. Key Features Premium Apple Ecosystem HeadphonesDesigned for users who want sound quality, comfort, Apple integration, and smart features in one premium headphone. Up to 1.5× Stronger Active Noise CancellationHelps reduce outside noise for more focused listening, travel, work, and everyday use. Apple H2 ChipPowers high-fidelity sound, smarter audio processing, and improved Apple device integration. Personalized Spatial AudioSupports Spatial Audio with dynamic head tracking for a more immersive listening experience. Adaptive AudioAutomatically adjusts the listening experience based on the environment and user needs. Transparency ModeLets outside sound in when users need to stay aware of their surroundings. Live Translation with Apple IntelligenceSupports real-time translation features through Apple Intelligence, depending on device and software compatibility. Premium Over-Ear ComfortBuilt with memory foam cushions, aluminum construction, and a mesh canopy for long listening sessions. Digital Crown ControlAllows precise control for volume, calls, media playback, and interaction. Up to 20 Hours Battery LifeProvides up to 20 hours of listening with ANC and Spatial Audio enabled. USB-C ChargingModern USB-C charging support for easier cable compatibility. Seamless Apple IntegrationSupports Apple ecosystem features such as auto-switching, Siri, and smooth pairing with Apple devices. Main Feature Sections More Than Normal HeadphonesAirPods Max 2 NHW 2026 is not only about audio. It is a premium Apple ecosystem product made for users who want headphones that work naturally with their iPhone, iPad, Mac, Apple TV, Siri, and Apple Intelligence features. Stronger Noise ControlWith up to 1.5× stronger Active Noise Cancellation, Adaptive Audio, and Transparency Mode, AirPods Max 2 gives users better control over how much of the outside world they hear. Immersive Apple Audio ExperienceThe Apple H2 chip, high-fidelity sound, Adaptive EQ, and Personalized Spatial Audio with dynamic head tracking create a more immersive listening experience for music, movies, calls, and Apple TV use. Premium Comfort and BuildThe over-ear design, memory foam cushions, aluminum body, and mesh canopy are made for long listening sessions with a premium feel and comfortable fit. Built for Apple UsersThe strongest advantage is the Apple ecosystem experience: fast pairing, auto-switching, Siri support, Apple device integration, and software-powered features that standard Bluetooth headphones cannot match in the same way.
