Description

Coteci Arctic 3D Blackout Sleep Eye Mask – Memory Foam Comfort Experience deeper, uninterrupted sleep anywhere. The Coteci Arctic 3D Eye Mask is designed with a 360° contour fit that blocks light completely while staying gentle on your face. Its 3D eye socket design prevents pressure on the eyes, allowing natural blinking and maximum comfort during sleep. The soft memory foam adapts to your face shape, while the nose wing design eliminates light leakage for total darkness. Lightweight and breathable, it’s perfect for travel, naps, or daily use. Key Features 360° contour design for full light blocking 3D eye space – no pressure on eyes Memory foam for soft, adaptive comfort Light-blocking nose wing design Lightweight and breathable (only 40g) Adjustable fit for all head sizes Ideal for travel, sleep, and relaxation
