## Description

DJI Mic Mini Transmitter (Infinity Black) Small but Mighty - The DJI Mic Mini Transmitter is small and ultralight, weighing only 10 g, making it comfortable to wear, discreet, and aesthetically pleasing on-camera. Detail-Rich Sound - Mic Mini supports omnidirectional recording. Capture rich audio, even in bustling outdoor environments like a busy street. One Transmitter is All You Need - A single transmitter offers a maximum operating time of 8 hours, giving creators plenty of time to record interviews, vlogs, concerts and much more. DJI Ecosystem Direct Connection - With DJI OsmoAudio, a transmitter can connect to Osmo Action 5 Pro, Osmo Action 4, or Osmo Pocket 3 without a receiver, delivering premium audio. Powerful Noise Cancelling - 2 noise cancellation levels are available—Basic is ideal for quiet indoor settings, while Strong excels in noisy environments to give you clear vocals. Always Reliable Audio - DJI Mic Mini features automatic limiting to lower volume if audio input is too high, preventing clipping and ensuring reliable audio quality in any setting. Includes one DJI Mic Mini Transmitter (Infinity Black), and other accessories. Connects directly to mobile phones via Bluetooth and to Action 5 Pro, Action 4, and Pocket 3 directly via OsmoAudio
