Description

Hoco K30 Camp Clamp Neck-Hanging Holder The Hoco K30 Camp Clamp Neck-Hanging Holder is designed for users who want hands-free first-person POV recording with smartphones or sports cameras. With support for 4.5–7.0 inch phones, 55–110mm clamping range, 1/4" screw mount for sports cameras, adjustable and rotatable positioning, chest strap support, one-button quick release, and durable ABS, silicone, and spring steel construction, it is a practical holder for live streaming, photography, cycling, fishing, tutorials, and outdoor content creation. Key Features First-Person POV RecordingAllows hands-free filming from a neck or chest-level view. Phone Clamp SupportCompatible with 4.5–7.0 inch smartphones using a 55–110mm clamp range. 1/4" Screw MountSupports compatible sports cameras and action cameras with 1/4" mounting. Adjustable and Rotatable DesignHelps users set the best shooting angle for different recording scenarios. Chest Strap for StabilityAdds extra support during movement, cycling, fishing, or active filming. One-Button Quick ReleaseMakes the clamp stand and neckband easy to install and remove. Durable Material BuildMade from ABS, silicone, and spring steel core for practical daily use. Lightweight Wearable DesignWeighs 272g without strap for portable filming and outdoor use. Main Feature Sections Hands-Free POV FilmingThe Hoco K30 is made for creators who want to record what they see without holding a phone or camera. It is useful for live streaming, tutorials, product demos, cycling, fishing, cooking, repairs, and outdoor activities. Smartphone and Sports Camera SupportThe clamp supports 4.5–7.0 inch mobile phones with a 55–110mm range. It also includes a 1/4" screw mount for compatible sports cameras. Adjustable Recording AngleThe adjustable and rotatable structure allows users to position the phone or camera based on the scene, subject, and viewing angle. More Stable with Chest StrapThe chest strap helps reduce shaking and movement during active recording, making it better for outdoor and action-style filming.
