Description

Ufesa Zion 600 Upholstery Vacuum Cleaner The Ufesa Zion 600 Upholstery Vacuum Cleaner is designed for users who want deep cleaning for sofas, upholstery, carpets, car seats, rugs, and fabric surfaces. With 600W power, 15,000Pa suction, simultaneous liquid and solid vacuuming, 1.5m hose, double cleaning brush, separate clean and dirty water tanks, and a 3m power cable, it is a practical home cleaning solution for stains, spills, dust, and everyday upholstery maintenance.

Key Features

- 600W Cleaning Power** Provides strong cleaning performance for upholstery, carpets, and fabric surfaces.
- 15,000Pa Suction Power** Helps remove dirt, liquid, dust, and debris efficiently from compatible surfaces.
- Liquids and Solids Vacuuming** Designed to vacuum both liquids and solids at the same time for more practical cleaning.
- 1.5m Hose** Makes it easier to reach sofas, car seats, corners, stairs, cushions, and difficult areas.
- Double Cleaning Brush** Adapts to different surfaces for more effective fabric and upholstery cleaning.
- Separate Clean and Dirty Water Tanks** Keeps clean water and dirty water separated for a more hygienic cleaning process.
- 1.2L Clean Water Tank** Provides practical water capacity for cleaning sessions.
- 1.3L Dirty Water Tank** Collects extracted dirty water separately after cleaning.
- 3m Power Cable** Offers better movement freedom during cleaning without frequent unplugging.

Ideal for Upholstery and Carpets Suitable for sofas, carpets, rugs, car interiors, mattresses, fabric chairs, and similar surfaces.

Main Feature Sections

Deep Cleaning for Upholstery and Carpets The Ufesa Zion 600 is made for cleaning fabric surfaces more deeply than a basic dry vacuum. It helps remove dirt, spills, and moisture from upholstery, carpets, rugs, and similar household surfaces.

Strong Suction for Liquids and Solids With 15,000Pa suction power, the Zion 600 can handle both liquid and solid messes, making it practical for everyday accidents, food crumbs, dust, and fabric cleaning tasks.

Separate Water Tank System The 1.2L clean water tank and 1.3L dirty water tank help keep the cleaning process more hygienic by separating fresh water from extracted dirty water.

Reach More Areas Easily The 1.5m hose and 3m cable make it easier to clean sofas, car seats, corners, cushions, carpets, and other areas that are harder to reach with larger cleaning machines.

Double Brush for Different Surfaces The double cleaning brush helps adapt to different fabric and carpet surfaces, supporting better cleaning results across common home and vehicle cleaning needs.
