Description

Remington Keratin Therapy Pro Hair Straightener – S8590 Style your hair with confidence while protecting it from damage. The Remington Keratin Therapy Pro Straightener combines advanced keratin-infused ceramic plates with an intelligent Heat Protection Sensor that adapts temperature based on your hair’s moisture levels. This means smoother, healthier-looking hair with up to 57% less damage and breakage—without compromising on styling performance. Designed for fast, precise, and safe styling, it heats up in just 15 seconds and offers multiple temperature settings to suit all hair types. Key Features: Up to 57% more protection from damage & breakage Advanced Keratin Ceramic coated plates Intelligent Heat Protection Sensor (on/off control) Digital display with 5 temperature settings (160°C – 230°C) Fast 15-second heat-up with ready alert Long 110mm floating plates for even pressure Turbo boost for quick styling Temperature lock function Automatic safety shut-off Plate lock for easy storage Includes heat-resistant pouch Worldwide voltage for travel
