Description

Professional styling with ion technology for sleek, shiny hair The Beurer HS 70 Hair Straightener combines a modern design with innovative technology for perfect styling results. Thanks to the multi-level temperature setting (100°C–220°C), it adapts to your specific type of hair. The ceramic-coated heated plates offer optimum protection, while the integrated ionic function makes your hair sleek and shiny. The rounded housing gives you flexibility in how to style your hair – from smooth looks to soft waves. For maximum safety, the HS 70 comes with a button lock and automatic switch-off after 30 minutes. Practical: includes a hanging loop and heat-resistant storage bag, so it’s always ready to grab. Sleek and shiny hair thanks to integrated ion function Ceramic coating protects the hair Can be used straight away due to fast heat-up Button lock for fixing the temperature setting Hanging loop for easy storage Easy to use without twisting the cable thanks to 360° swivel joint Incl. heat-resistant storage bag Rounded plates for curl and wave effects Spring-loaded hot plates for top results after passing your hair through just once Heat-resistant storage bag Continuous temperature regulation from 100°C to 220°C Individually adapts to all hair types thanks to variable temperature settings from 100–220°C
