Description

Blood pressure measurement made easy The Beurer BM 23 Upper Arm Blood Pressure Monitor makes it simple to measure your blood pressure and pulse directly at home – merely at the touch of a button. Thanks to its integrated USB-C connection, you can also power the device via mains operation if you wish. The handy Scan & Save function lets you easily store your measured values in the "beurer HealthManager Pro" app and keep an eye on your blood pressure values at all times. Easy to use Scan & Save: Digitally record blood pressure values in the “beurer HealthManager Pro” app Cuff fit check: For ensuring the cuff is correctly placed on the upper arm Arrhythmia detection: Warns of possible cardiac arrhythmia Fully automatic blood pressure and pulse measurement on the upper arm Automatic pressure preselection and deflation Risk indicator: With coloured scale for classifying measurements Clear, easy-to-read display Incl. cuff for upper arm circumferences of 22–42 cm Mains adapter available separately Medical device
