SKU	cm-81106
Brand	Joseph Joseph
Category	Accessories
Minimum order quantity	1
Unit	—
Unit price	$59.00
Available quantity	100

Description

Innovative Podium 5 Piece Storage Jar Set with Stand – Sky The Daily Disruption of Disorganized Storage A cluttered kitchen is more than just an eyesore—it’s a disruption to your daily flow. Food storage containers that are hard to reach, mismatched in size, or stacked precariously lead to frustration and wasted time. Trying to grab a jar from the bottom of a tower often results in spills, disarray, or worse—broken containers. Most conventional storage solutions focus on volume, not user experience, and neglect important factors like accessibility, aesthetics, or countertop harmony. In a space where efficiency and organization should reign, these chaotic setups fall short, making even basic tasks like pouring pasta or scooping oats an unnecessarily stressful moment. Perfectly Sized for Versatile Storage The Podium set includes five containers of varying capacities to suit a wide range of dry food items: 1 x 1.9 L (2 qt) – Ideal for cereal, pasta, or rice 1 x 1.3 L (1.3 qt) – Perfect for granola, sugar, or flour 2 x 900 ml (0.9 qt) – Great for tea, coffee, lentils, or snacks 1 x 500 ml (0.5 qt) – Ideal for herbs, nuts, or baking powder Each container nests neatly into the stand while providing ample volume for everyday pantry essentials. Whether placed on a shelf or left on display, the design is both compact and highly functional.
