Description

Dyson V15 Detect Absolute Cordless Vacuum Cleaner 240 Air Watts of fade-free suction Powered by a Dyson Hyperdymium™ digital motor spinning at up to 125,000rpm. Up to 60 minutes run time Advanced seven-cell, lithium-ion battery delivers fade-free suction. Swappable Click-in batteries extend run time. De-tangles and removes pet hair Digital Motorbar cleaner head intelligently adapts suction power to suit your floor type, lifting and spiralling hair straight into the bin. Illuminates dust on hard floors The Fluffy Optic cleaner head reveals microscopic dust and dirt, so you don't miss a thing. HEPA filtration captures 99.99% of microscopic particles Fully-sealed, whole-machine HEPA filtration captures dust, particles and allergens to 0.1 microns. Root Cyclone™ separation system Dyson's pioneering 14 cyclones capture and separate dust and debris, so there's no loss of suction. Dust detect sensor Counts particles up to 15,000 times a second, adapting power to optimize suction and run time. **LCD screen for instant feedback Shows you what's been removed in real-time, for scientific proof of a deep clean. **Hygienic bin emptying Point-and-shoot bin emptying drives dust deep into your bin – in one action. So you don't touch the dirt.
