Description

360-Degree Dynamic Sound□This portable speaker features an 8W speaker with a single passive radiator to provide 360-degree dynamic sound in a compact package. Full-Body Lighting□The 360-degree light show synchronizes with the music to take any party to the next level. IP67 Protection□Waterproof and dustproof for worry-free listening. Glow Mini portable speaker even floats, so you can chill by the pool with total peace of mind. Long Battery Life□Listen for up to 12 hours on a single charge. Note: Battery life will be reduced when using the light effects. PartyCast 2.0□Simultaneously connect 100+ speakers with synchronized sound and lighting to really feel the party atmosphere
