

Product specification sheet

Product	Russell Hobbs Steam Power Generator Iron
SKU	cm-24420-56
Brand	Russell
Category	Consumer Electronics
Minimum order quantity	1
Unit	—
Unit price	\$119.00
Available quantity	100

Description

4.5 bar pressure 1.3L removable water tank capacity 90g steam output 110g steam shot Continuous fill Stainless steel, non-stick soleplate Anti calc cartridge Cord & hose storage 2400W 60 second heat-up time Temperature ready light Power indicator light 1.9m cord Whether you’re ironing out the crumples in your little ones school uniform or you’re smoothing out the deep set wrinkles in your denim jeans, this steam generator with its powerful puffs of steam makes sure you can easily glide over every material with ease Anti Calc System You’ll no longer have to worry about repeatedly washing your steam generator as it comes with a special calc cleaning system that’s designed to filter and purify the water on its way into the tank. This cleaning system reduces lime scale build-up and helps to stop it entering the tank to keep your Steam Power Generator as good as new. 90g Steam Output With an impressive 90g steam output that adds moisture to the fabric and makes it easier to iron, the Steam Power Steam Generator is ready to smooth away even the toughest creases and crinkles with complete ease.
