Product	Dyson HushJet Air Purifier Compact HJ10 (Black)
SKU	cm-SP01-BK
Brand	Dyson
Category	Home Appliances
Minimum order quantity	1
Unit	—
Unit price	\$499.00
Available quantity	100

Description

Dyson HushJet Air Purifier Compact HJ10 Unique Dyson HushJet™ air projectionInspired by the design of jet engines, a star-shaped hush kit is used to reduce airflow noise and deliver powerful airflow projection. The innovative design minimizes turbulence, for a quieter purification experience without compromising performance. Powerful purificationDyson’s unique high-speed, focused air projection cleans up to a 203 sq ft room.¹ Compact in size yet powerfully circulates the air in throughout the room. Capturing allergens*, dust and pollutants from every corner. Electrostatic filtration99.97% of particles as small as 0.3 microns⁰ such as allergens.* Engineered to maintain filter performance over a 5-year period, so you can forget the hassle and cost of frequent replacement. Activated carbon filterActivated carbon filter removes pet and cooking odors,20 and even gases such as NO₂.0 Traps airborne pollutants on a highly porous surface, capturing unpleasant smells and harmful gases. For a more comfortable environment. Fully sealed machineDyson purifiers are fully sealed throughout the whole machine. Captures and traps pollutants and allergens* – so they can’t escape back into the air you’re breathing. Removes pet allergensPets can bring unwanted odours and allergens* into the home. Dogs and cats shed dander, releasing microscopic skin, saliva and urine allergens into the air. Captures allergens and pollen*Allergy season can be difficult. The Dyson HushJet™ compact purifier reduces your exposure to allergens*, such as pollen. For cleaner indoor air. Auto reactsSet and forget. Intelligent particle sensing detects PM2.5 particles – reacting and adapting airflow to quickly purify the air. Only purifies when necessary to save energy. Compact formatEngineered in a compact format at just 9in in width and 18.5in in height, it anonymously blends into any room around your home. The small footprint allows it to sit on a bedside table or desk – delivering powerful purification without disrupting space. Connects to the MyDyson™ appControl from anywhere – at the touch of a button or using your voice.⁵ Monitor your home’s air quality remotely, set schedules and track local pollutants with personal reports. Unique compressor designAdvanced design powerfully draws in dirty air to purify up to 18 gallons of air every second.²¹ Engineered to be efficient and with minimal noise, to ensure cleaner air without disrupting your environment. Acoustically engineeredQuiet, even at full power. Only 41dB when on maximum purification mode, so it won’t disturb you. Engineered with Sleep mode to purify at just 24dB and aid a better night’s sleep. Easy to maintainSimply unscrew the nozzle and remove for an easy maintenance routine. Keeps your purifier working at its hygienic best Specs Amp diameter 9.06 in Oscillation/Angle 90 degrees Cord length 5.9 ft Filter life 5-year filter life Weight 6.9 lb Height 18.5 in
