Description

Shokz OpenComm2 (2025 Upgrade) – Bone Conduction Bluetooth Headset Stay connected without blocking your world. The Shokz OpenComm2 uses advanced bone conduction technology to deliver clear audio while keeping your ears open—perfect for work, calls, and multitasking. Designed for all-day comfort, its lightweight wraparound frame and soft silicone finish make it ideal for long use. The DSP noise-canceling microphone ensures crystal-clear calls, even in noisy environments. Whether you're working remotely, commuting, or in meetings, OpenComm2 keeps you aware, comfortable, and connected. Key Features Open-ear bone conduction design (stay aware of surroundings) Lightweight and comfortable (only 35g) DSP noise-canceling microphone for clear calls 16-hour talk time for all-day use Fast charge: 5 min = up to 2 hours use Bluetooth connectivity with stable performance IP55 water resistance (sweat & splash safe) PremiumPitch™ 2.0 for clear vocal audio Open-Ear Design for Comfort Unlike traditional headsets that cover your ears and cut you off from your surroundings, OpenComm2’s open-ear design keeps you connected to the world. Weighing a mere 35g, you'll barely notice them. With a flexible wraparound frame and soft silicone finish, the OpenComm2 delivers easy, effortless, all-day wear. Outstanding Audio Quality Powered by 7th-generation bone conduction technology and PremiumPitchTM 2.0, Opencomm2 accurately picks up and equalizes medium and high-frequency vocals, ensuring you hear every word distinctly and without distortion. Crystal-clear calls with DSP Tech Experience superior call quality with OpenComm2's noise-Cancelling microphones and advanced DSP technology, effectively eliminating background noise. Worry less about splashes and light spills with IP55 water-resistant durability and the microphone’s water-resistant acoustic mesh. Safety & Situationally Aware Working from home, in the office, or on the go often requires situational and sensory awareness. With the OpenComm2’s open-ear design you’re always connected to your surroundings so you never miss a beat. 16 Hours of Playtime & Quick Charge Just 5 minutes of charging provides up to 2 hours of talk time, with a full charge in approximately 60 minutes. Ideal for impromptu outings, commuting, telecommuting, Zoom-certified web meetings, remote work, gaming, and exercise. What you get!
