Description

Sony WF-C510 Truly Wireless Earbuds The Sony WF-C510 Truly Wireless Earbuds are designed for users who want compact, lightweight, and comfortable earbuds for everyday listening. With up to 11 hours of playback from the earbuds, an additional 11 hours from the charging case, quick charging, Multipoint Connection, Ambient Sound Mode, EQ customization, and multiple color options, they are a practical choice for music, calls, commuting, work, study, and daily entertainment. Key Features Compact and Lightweight DesignSmall and light earbuds designed for comfortable all-day use. Comfortable FitBuilt for a secure and easy fit, making them suitable for daily listening. Up to 11 Hours Earbud Battery LifeEnjoy up to 11 hours of music from a full earbud charge. Up to 22 Hours Total Battery LifeThe charging case provides an additional 11 hours, giving up to 22 hours total listening time. 5-Minute Quick ChargeA quick 5-minute charge provides up to 1 hour of extra playback. Multipoint ConnectionAllows convenient connection switching between supported devices. Ambient Sound ModeLets outside sound in when users need better awareness of their surroundings. EQ CustomizationAllows users to adjust the sound profile for a richer and more personal listening experience. Multiple Color OptionsAvailable in Blue, Yellow, Black, and White to match different styles. Everyday Wireless ConvenienceSuitable for music, calls, videos, commuting, office use, and casual daily listening. Main Feature Sections Compact Comfort for Daily ListeningThe Sony WF-C510 earbuds are built to be light and compact, making them comfortable for longer listening sessions during work, travel, study, or daily routines. Long Battery Life for Everyday UseWith up to 11 hours of playback from the earbuds and another 11 hours from the case, the WF-C510 gives users enough battery for a full day of listening. Quick charging also helps when a fast top-up is needed. Smart Everyday FeaturesMultipoint Connection makes it easier to use the earbuds across supported devices, while Ambient Sound Mode helps users stay aware of their surroundings when needed. Customizable Sound ExperienceEQ customization allows users to adjust the audio profile based on their preference, whether they want stronger bass, clearer vocals, or a more balanced sound. Style Options for Different UsersWith Blue, Yellow, Black, and White color options, the WF-C510 gives customers more choice compared to basic single-color earbuds.
