Description

This car charger has two ports (USB-C + USB-A) plus a retractable USB-C cable, making it a game changer when you’re in your car. Its tangle-free 75cm cable supports 60W maximum output and charges most laptops in the market. Imagine fast charging three things at once — your iPhone or Samsung Galaxy and two other USB-C powered devices. Dynamically distributed power ensures you get the maximum power out of this car charger, no matter what you choose to plug in. Travel in style with a fast iPhone charger that powers other devices at the same time. Charge your iPhone 16 Pro from 0-50% in 27 minutes or Samsung S25 phone from 0-50% in 31 minutes†. Keep your car tidy and tangle-free with a retractable 75cm USB-C cable. 75W maximum output allows you to charge most laptops in the market. Universal compatibility to charge a wide array of USB-C powered devices — from smartphones to laptops — during your drive. Charge confidently with power that maximizes charging efficiency by dynamically distributing it based on connected devices. Low-profile form factor fits seamlessly in your ride for a sleek, powerful charging solution. Built for quality with premium materials.
