Description

Soundcore Liberty Buds – Wireless Semi-In-Ear Earbuds with ANC You’re trying to sell too many “wow” features at once. Tighten the message: comfort + smart ANC + real utility (calls, battery, translation). That’s what converts These earbuds are built for all-day wear with a semi-in-ear fit, while Adaptive ANC adjusts automatically to your environment—no manual tweaking Key Features Adaptive ANC (auto-adjusts to surroundings) Semi-in-ear design with secure fit fins Spatial Audio for immersive sound AI real-time translation (100+ languages) 4-mic AI clear calls with noise reduction Up to 30 hours total battery life Comfortable for long daily use Specs Audio & Features Noise Cancellation: Adaptive ANC Audio: Spatial Audio Microphones: 4-mic AI system Battery Standard Mode: 7 hours (earbuds) 30 hours (with case) ANC Mode: 6 hours (earbuds) 26 hours (with case) Design Fit: Semi-in-ear Ear Fins: 4 sizes included
