Description

Coteci OF-034 Dual Mode 78-Key Wireless Keyboard The Coteci OF-034 Dual Mode Slotted Keyboard is designed for users who want a compact wireless keyboard that can switch between two devices easily. With a 78-key mini layout, dual-channel connection design, built-in device slot, multimedia shortcut support, ergonomic typing angle, and compatibility with MacBook, iOS, Windows, and Android devices, it is a practical keyboard for tablets, laptops, desktop setups, students, office users, and mobile workstations. Key Features Dual-Channel Device SwitchingConnects with two devices and allows switching by changing the switch position, making it easier to move between work setups. 78-Key Mini Keyboard LayoutCompact keyboard design saves desk space while keeping the essential keys needed for daily typing. Built-In Card Slot DesignThe slotted design can hold a compatible phone or tablet at a convenient viewing angle while typing. Broad System CompatibilitySupports OS X, iOS, Android, Windows, and Microsoft operating systems. Hot Keys & Shortcut KeysEquipped with shortcut keys for easier control and faster daily operation. Multimedia Button SupportSupports F1 / F2 multimedia button functions for convenient access. Ergonomic Typing AngleBottom keyboard design helps adjust the typing angle for more comfortable use. Non-Slip DesignHelps improve typing stability and adds better grip during use. Compact Desk-Friendly SizeMeasures 290 × 160 × 10mm, making it suitable for small desks, study areas, and portable setups. Practical Multi-Device KeyboardIdeal for users who work between a tablet, phone, laptop, or desktop computer.
